

Mrs. I. Kelly Named to Lodge Post

On Wednesday evening, April 10 the officers and members of Princess Rebekah Lodge No. 83 were held to the semi-annual district meeting of Rebekah District No. 2, I.O.O.F. Representatives were present from Edmonton, Calgary and Lacombe.

Sister Eva Douglas, past president of the Rebekah Assembly of Alberta and Mrs. Arthur Young, Grand Soror of the Grand Encampment of Alberta were introduced by Sister Beth Cranston, P.M.O. to the members assembled, and were welcomed by Sister White, N.O.

The meeting was declared open by Sister Eva Delaney, D.D.P. Sister Iona Kelly, D.D.P.-elect was duly installed as District Deputy President of Rebekah District 2.

She was introduced by Sister Kay Peterson, Deputy Marshall, and welcomed. On behalf of Sister Kelly's husband and boys, Sister Ardith Gordon, P.M.O., presented her with a lovely bouquet of red carnations. Several members sang a fitting song to Sister Kelly and Sister White, N.O., on behalf of officers and members, presented her with a lovely floral arrangement.

Sister Kelly, in a few well-chosen words, thanked all for the flowers and the honor and privilege of service as District Deputy President for the ensuing year.

At the close of the meeting lunch was served by Sister Beth Allen and her committee.

Plans have been made for the annual Ball to be held on May 3 in the Port Community Hall. A banquet will be held for all members of Princess Rebekah Lodge at 6:00 p.m. If you plan to attend kindly leave your name with Sister Kay Peterson at 843-2064 or Sister Rose Spelman. Lodge will follow at 8:00 p.m.

All members please take note of date, time and place and plan to attend.

PLAN PARENT NIGHT

The Rangers, Guides and Brownies will hold their first Parent Night on Monday, April 22nd at 6:45 p.m. in the Port Community School auditorium. A program of skits, plays and exercises held at weekly meetings will be presented.

All parents and interested friends are urged to attend and support the girls. Coffee will be served. A silver collection will be taken.

Summary Agric. Board Meeting

Meeting of the Agricultural Service Board of the County of Strathcona was held on April 8th. In business arising out of the meeting details of handling the use of this policy in order to keep warble from being spread under a higher control, discussed. The Field Supervisor was advised to finalize a definite policy for operating the machines which will be available for use by all ratepayers. These riding up and removing some machines should contact the office as soon as possible.

It was "Car Clean-up Day" in town last Saturday when members of the H.C. group staged a car wash at Foster's service station. A brisk business was reported and thanks is extended by the group to motorists who had their cars washed and thus helped a worthy cause.

Lions Seek Glasses for Needy People in India

The Lions Clubs of District 71-B, any time, or you may have them at Lapua's Poolside or in the restaurant at the hotel between the 4th Post Office and Town Hall.

Several glasses of glasses have been received to date for which thanks are extended.

Ladies to CHSD on Monday April 22nd at 8:30 for a program on the Bank of Light.

Fort Champions To be Honored

A testimonial dinner, sponsored by the Chamber of Commerce, BFO Elks Club, Lions Club, the Legion, and the Town, will be held next Wednesday, April 24th, at 6:30 p.m., in the Community Hall. The dinner is being held to honor the Gary Magee rink, winners of the Canada Curl-O-Rama, and the Fort High School girls' basketball team, provincial high school champions.

Tickets for this event are available from any member of the above sponsoring organizations and are priced at \$2.50 each. Residents are urged to attend and help honor the teams who have brought recognition to the town with their fine achievements.

Curling Club Board Meets

A meeting of the Board of Directors of the Fort Curling Club was held on April 16th in the Club House. President A. G. Macdonald called the meeting to order with the following directors present: R. Macdonald, G. Rank, A. Elliott, K. Clark, P. Longwell, G. McIntyre, G. Macdonald, T. O'Kane, M. Pedenham, G. Klemmer and H. White.

A financial report showed a profit of \$98.00 from the TV raffle, \$768.00 from the annual banquet, and \$68.36 from the annual social. It was decided that entries for the 1964 banquet be accompanied by entry fee. The purpose of this decision is to reduce the number of cancellations.

Prices and delivery dates on six new sets of double granite rocks will be obtained from the four firms recommended by the ACA. It was also decided that the ice-plant be overhauled as necessary.

The campaign is being conducted Dominion-wide and Legion officers point out that the more members that are enrolled, the stronger the Legion's voice will be in aid of veterans and their dependents in need. It is important to the bargaining powers of the veterans as the organization is the official voice of veterans in parliament.

All veterans, Army, Navy and Air Force are asked to lend their support. Join the local branch. Membership chairman is Norman Johnson, phone 945-2115.

Members of the local volunteer fire brigade were out on Saturday burning grass on lots in town to help get in touch with the fire department who will endeavor to help if possible. Homes are to be left at the town office.

Ardderson 4-H Member Wins Speech Contest

A 4-H girl speaking elimination contest for the 4-H club in Strathcona County No. 39 was held at the Youth Building at the Edmonton Exhibition grounds.

Contestants were from the Ardderson and Port Saskatchewan Beef Clubs, Colchester Garden Club, and Strathcona County Beef Club. The event was sponsored by the Strathcona County 4-H Advisory Council with Mr. Jim Allan as chairman.

Winner was Don Briggs of the Ardderson Beef Club and runner-up was Harry Bentler of the Strathcona County Beef Club. These two boys will go on to represent the County at a Regional Contest in June, competing with the winners from other counties for the right to enter the Western Alberta Public Speaking Finals.

"Honorable mention" were Joyce McMillan of the Port Saskatchewan Beef Club and Brian Briggs of the Colchester Garden Club.

The trophy awarded by Strathcona County was presented to the winner by Mr. Gordon Meyer, vice-president of the Alberta Association of Municipal Districts. Mr. Alan Bell, vice-president of the Strathcona County Beef Club presented a trophy to the runner-up.

Judges were Mr. Fred Miller of the Edmonton Exhibition Association and Mr. Stewart Fraser and Mr. Ken Taylor of the Alberta Department of Agriculture. The judges commented on the high quality of speeches given, and gave some advice to the contestants.

Partridge Hill 60th Anniversary

It is exactly 60 years since Partridge Hill United Church was built. At that time it was a Presbyterian church and it was built with the help of a housemaster grant of \$500 in the fall of 1893. Boys were not and had to be sent to the nearest school in the Tyrone Valley district. The present church was built on the site of the old one. It was completed in late spring, and the dedication of the church took place on May 17, 1893. Rev. D. McFarlane was the guest preacher. From the beginning the Methodist and Presbyterian churches worked closely together. The first issue of the first newspaper in the Partridge Hill community "The Reporter," May 1, 1893, reports that a Presbyterian service would be conducted at 11 a.m. on May 17, while a Methodist service would be held at 7 p.m. the same day. The ministers at that time were Rev. Alexander Purves (Presbyterian), and Rev. Albert B. Aldridge (Methodist). After the opening of the new Presbyterian church the Methodist and Presbyterian held services on alternate Sundays at the Partridge Hill union in 1898. A united Sunday School was held each week.

In 1900 Partridge Hill became part of the newly-formed Fort Saskatchewan District. The Pastoral Charge of the United Church of Canada, the minister being Dr. Macdonald, the housemaster of the present Fort United Church and spiritual adviser to Mr. and Mrs. O. Macdonald. In 1904 this union was dissolved and the church was re-incorporated, and on August 18, 1904, the re-opening of the church. For 60 years Partridge Hill United Church has maintained a Christian witness in the community. On May 15 this 60th anniversary will be celebrated with a special service at 1 p.m. with Rev. Martin Cautious, principal of Alberta College, as guest speaker. A social gathering and short program will take place in the Partridge Hill United Church Hall at 8:15 p.m. Everyone is invited to help Partridge Hill celebrate a significant milestone in its history.

IMMUNIZATION CLINIC MAY 22

Regular immunization clinic for adults and pre-school children will be held by the Lady-Stevens-Hall Unit at the Fort Saskatchewan Community Hall on Wednesday, May 22, from 10 to 12 noon and from 1:30 to 3 p.m.

Canadian Prime Minister Dr. John Diefenbaker will be in the city on a visit to Queen Victoria, in 1964.

Dated at Fort Saskatchewan, the 15th day of May, 1963.

*You save every day with FREE ENTERPRISE ELECTRICITY!

- The price of the electricity you use every day is a carefully controlled price. Do you know that...
- Your free enterprise utilities are competitive utilities. They must strive to satisfy their customers, and if it is their own interest to save savings on to you. They have to compete with other sources of energy.
- Your free enterprise utilities must satisfy government bodies as well. These utilities carefully approve such matters as price regulation, control legislation and utility for the protection of consumers.
- Together, these two factors work to minimize your electricity bill. We have judicious government regulation now — but that is for an uncontrolled government power monopoly. Let's not stifle free enterprise initiative. Let's keep it free in Alberta!

Alberta Wheat Pool Patronage

The Alberta Wheat Pool intends to operate for the crop year 1963-64 on a patronage dividend basis in keeping with the co-operative principles on which the Pool was formed. The following notice is published in compliance with the provisions of "The Income Tax Act":

"As required by 'The Income Tax Act' this will advise our members that it is our intention to make a payment in proportion to patronage in respect to the year ending the 31st day of July, 1964, and we hereby hold forth the prospect of patronage payment accordingly."

Plan Bible School

The congregations of First United Church and St. George's Anglican Church, through their leaders and officers, are again arranging a Bible Mission School, to be held from June 23 to 28 and July 2 to 7.

Director of the school is Miss Leonard Miller, who is gathering a committee staff and making arrangements. The Canadian Council of Churches materials are being loaned from 9 a.m. to 5 p.m. on June 23.

Registration forms will be provided. Church school children and parents are invited to register their children early.

Fort 4-H Meeting

The regular meeting of the Fort Saskatchewan 4-H Club was held at the home of Mr. and Mrs. M. McKeown on June 5. The meeting was called to order by the representative, Andrew McKeown, and the 4-H pledge was led by Joyce MacIntyre and Margaret Lawrence. The roll call was given by reading a list of names. Talks by members were given by Richard Jones, Jim Armstrong and Andrew MacIntyre, with comments by Mr. Johnston. Plans were made for the September 24, July 18, to be held in Fort Saskatchewan in conjunction with the Andrews 4-H Club.

SUGAR and SPICE

By Bill Smiley

Merely Father's Day is the most insignificant occasion on the calendar. Everybody knows without thinking that in May is Mother's Day, and there's a good deal of confusion in the minds of most people about the other one, and we're not for our good friends the merchants who urge us not to forget "Dear Old Dad." It would probably slip by as quietly as Walt Disney's.

It's not difficult to understand this requirement. Not too many years ago, every day was father's day. Not to the sympathy of today's family, father is the lost child. The family circle no longer revolves around father. It has become so, yet.

Oh, for the good old days, when Father was head of the house, and everybody knew it. When he sat down at the head of the table, there was a respectful, if not fearful, silence. The kids sat in rows at each side, silent until spoken to. The women scurried around with proper humility, fetching the steaks, the dishes, holding their breath while Father issued the carving fork, smiling with relief when he found everybody under the charm of his word.

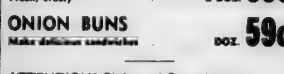

In those golden days, Father's conduct, well-being and peace of mind were the prime requisites for a happy home. His slightest opinion was gospel. His wrath was awful to contemplate. You didn't need a household god; you had Father.

If Father and mother couldn't be allowed around the wheel of a car, they shouldn't, and that's all there was to it. If he declared there was no fish in that "crick," there wasn't. If he believed that the Grils or Tams were a pack of corrupt thieves, they were. If he told you to get lost, you got lost.

By what subtle and fiendish alchemy has Father been transformed from a good into a figure of fun, a national joke, a change on third-rate family television series? By what foul trick of the fate has that magnificent man been turned into the cringing creature who has been seeing through the dishes while he writes in out at the lounge?

How hard the mighty fall, to me I can say, and I say it not to scorn but in sorrow. Ruined by his spouse, relentlessly humbled by his children, his only plans of refuge are the

When Father used to take a walk around the neighborhood, he would always come home with a bag full of candy. He would give it to the children, and the children would be happy. He would also give it to the neighbors, and the neighbors would be happy.

Traffic Deaths Mount

Traffic deaths are occurring at the average rate of 9 per day in Canada. Deaths in injured every five minutes. This annual toll in property damage each year reaches a higher level.

Many automobile accidents occur at night and on the long driving season. With the peak driving season at hand, the Canadian Insurance Federation, representing more than 200 competing Canadian life, automobile and casualty insurance firms, recommends these rules for night driving.

1. Do not drive when over-tired. Stop for coffee or a short nap.
2. Do not rely on "wink-away" pills. Their effects are sometimes insidious.

3. In general, drive slower than you would during the daytime when visibility is good.
4. Keep a special watch for pedestrians in dark clothing.

5. Always turn your lights when entering another car or approaching other cars.
6. Keep well to your own side of the road. Approaching drivers use their lights to help ascertain their own position.

7. Pull well off the highway if you must stop for repairs or other reasons.
8. Always carry a flashlight or flare for use in emergencies.
9. Pump your brakes several times to give a good warning when you are about to stop.
10. Signal all turns correctly.

A Reminder On Outcrops

Why western livestock men are getting a reputation for being uncooperative in the field is being caused by leaving the fields being surveyed unattended for long periods of time. To accomplish this, all weed growth should be destroyed late in July and the fields then left to grow until the first of September. The first half of September, when the weeds are having eggs, is the best time to work.

Fall Work On Thistles

There is a reminder that fall is the best time to get a weed crop started on last year's prairie. The Department of Agriculture, through the "The Control of Weeds" Division, has issued a booklet, "Weed Control of Weeds" which contains information on the control of weeds and the control of weeds.

Practical Tips
Fall thistles should cover the seed and lightly. The use of a blade under the thistles will have the effect of pulling the thistles out of the ground and will not damage the seed.

One plan is to use the starting

The first operation should be done just before freeze-up. Through tillage, such as ploughing or one-way disking is required. The average depth of the coulters should be about 10 inches. The coulters should be used and the implement set to cut just below the depth. The blades and coulters should be well maintained.

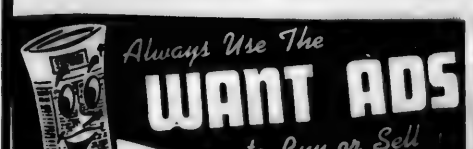

Then, before more than 2 inches of ground growth have been produced, the one-way disk is used to cut the weeds. The object of cutting is to prevent proper establishment of the weeds. This action is essential for control. The one-way disk is used to cut the weeds and will destroy the weeds and allow a better cut. This

The object of preventing weeds is to leave the weeds in the ground. The weeds should be cut and the weeds should be cut. The weeds should be cut and the weeds should be cut. The weeds should be cut and the weeds should be cut.

For the following method to be successful, some considerations are of importance. First, the implement used for tilling, coulters and disks should be heavy construction, having about 10 inches in diameter with a 4 inch disk. It is best that the disk be spaced 10 inches apart. They must be sharp and the disk should be properly adjusted. It is to be well maintained. Weeds must be removed.

First, the implement used for tilling, coulters and disks should be heavy construction, having about 10 inches in diameter with a 4 inch disk. It is best that the disk be spaced 10 inches apart. They must be sharp and the disk should be properly adjusted. It is to be well maintained. Weeds must be removed.

For the following method to be successful, some considerations are of importance. First, the implement used for tilling, coulters and disks should be heavy construction, having about 10 inches in diameter with a 4 inch disk. It is best that the disk be spaced 10 inches apart. They must be sharp and the disk should be properly adjusted. It is to be well maintained. Weeds must be removed.

Luncheon Freezer

If you're lucky enough to own a freezer and haven't quite filled it with summer vegetables, and fruit maybe, it can help you prepare for the winter months. This is the time to make each day for school children, and there are some pointers about freezing vegetables.

Only freshly prepared sandwiches should be frozen and they should be wrapped and put into the freezer immediately.

Freeze them properly by wrapping each sandwich in freezer paper or on metal foil plastic bags tightly closed are handy for use when we call the "dinner" idea.

... that is, bringing two copies of the paper together, then folding the edges over and over.

These Luncheon Freezers, built by the famous "The Record" company, are available in a variety of sizes and prices. They are made in Canada and are guaranteed for one year.

SUGAR and SPICE

By Bill Smiley

Thought a new car was the best and one before. And about 10 years from tonight it's probable that I'll never have had one more.

Both the dealer I bought it from and I were disappointed. I think I expected him to give me a little to "decent" some thing you're always supposed to do when you buy a car. And he expected me to try to hand him down on the price, something you're always supposed to expect when you sell a car.

Nothing happened. He offered me more than I had expected for my old car, and I was so flabbergasted I just said "O.K." leaving him flabbergasted. The entire transaction took 10 minutes. It could have been in nine minutes. The car was in the lot when I was standing around waiting for the other fellow to do some driving.

My wife let me down rather badly she was there, and I expected her to do most of the talking. — You know, raising hell about the color, price, upholstery, mileage. I thought she'd go over the car with a magnifying glass, as she used to do when we'd buy one of those 1960 models. I fully anticipated that she'd find a bubble in the paint, or a scratch on the floorboard, and make sure she didn't even say a word she didn't even want a different color.

Maybe we're both getting old. Even I, who have never owned any more about a car than I have about a lawn mower, used to have a lot of the old horse-trading spirit. I used to kick the tires. I used to look under the hood (theory I hadn't a clue as to what should be there. I used to slam the doors a couple of times and kick in the trunk.

This time, I just leaned on the center console from the dealer, with its red leather, and waiting for some action. In common decency, I drove the thing for three miles, and then I handed it over. — I didn't feel a thing. No relief. All I wanted to do was get home for dinner.

We closed the deal, with him thinking that a lot of fun had gone out of riding cars, and me thinking that it was going to be a pretty awkward session with the bank manager.

Do you know something? Those banks have got old and easy in the last 10 years too. I'll never forget the first time I applied for a loan. I was exactly as I used to feel in the air there, when I'd gone over the fence for an amount of the CO Monday morning. Not a leg to stand on, and about to get it in the neck.

"Get any security?" shaking his head gravely. Of course you didn't have. People who need small loans never have any security. You had him your grandmother had mentioned that she planned to leave you \$20,000 if you never married or started drinking or were such.

The bank manager used to want as you asked in the door "Middens." It's smart, scribbling furiously on your notes (thinking the bank man-

agor, and promising to loan him money, because he loaned you \$20,000 out of what seemed his own pocket and some wild caprice of generosity in his nature.

Nowadays, you walk into the manager's office, and he breaks you just as though you were a human being. "What can we do for you?" And "Oh, I think we can manage that." And "Just sign here. If there's anything you need — a new stove or refrigerator — you know where to come."

Finally we got delivery of the car. Randy's birthday ran out and I started it. The kids were over within-

ed. Sleep. Randy, small. He didn't. These six-year-old jobs don't have much pickup, do they? Oh, well, at least we have the first \$20 in there. Paper and Playboys were so much impressed like that. I can't draw on my own material now. And you can imagine what Playboy did to them.

In the old days men loved their horses because they were slow and couldn't talk back to them. Today's man looks the equivalent, his little mock the mountains, his wife drives it, and there's a note at the bank that says "Three years at 600 a month." I should live so long.

king and interest in groups on the same day, who two instructors present, an even based classes have to be scheduled in four school days, the total number of groups within the County of Strathcona for the present year.

The band training classes are available to students in junior and senior high schools within the County of Strathcona, who wish to undertake such training. All of the instruments used by students are available on a rental plan from the County of Strathcona. Without them, the band-training classes would be very limited, because the expense of purchasing instruments would be beyond the scope of most students.

Band classes and instrument rental are all arranged by Mr. John Antipolovich, supervisor of music for the County of Strathcona. He expects the band enrichment classes to reach over 100 students within the whole county. Interest appears to be good in band training, and classes get larger each year.

Nation-Wide Contest Announced

One of Canada's largest producers of agricultural products, Cymon Ltd. of Canada Limited, this month is launching a nation-wide contest open to all adult farmers resident in Canada.

The prize is the first of its kind undertaken by the company, which produces 40 animal health products of proven worth. It is designed to promote sales of the product line through the company's network of dealers, some 4,000 of them across the country.

At stake in the contest are three Dodge half-ton farm pickup trucks being awarded on a one-a-month basis. The trucks, 1964 models, carry a five-year, 50,000-mile power train warranty.

Two months in the planning, the contest is being supported by all forms of promotional activity. Doug Campbell, the company's assistant advertising and sales promotion manager is responsible for agricultural products, and that posters, camera cards and advertisements will all play a role in the campaign.

"We even have outlined a prize-winners list," Mr. Campbell said. "It will list some 20 full-time trucking 'world' players."

Mr. Campbell said he intended to do this "to show the world we have planned this promotion to ensure all eligible farmers have a shot."

Contest, which starts this month, was opened with a reader to dealers outlining the rules which place as much on the number of entries from an individual. However, each entry to qualify, must be accompanied by a label from any of Cymon's animal health products. Entries due for each month of the contest three-month run is the 15th.

New Badge for Flight Surgeons

A new flying badge has been announced for RCAF medical officers qualified in the highly specialized field of aviation medicine.

Air Commodore G. D. Chabot, Deputy Surgeon in charge of military medicine, was the first of military medical officers to officially receive the new badge. The insignia was made by air vice-marshal W. A. Orr, air member for personnel, at air force headquarters in Ottawa.

Other Ottawa area medical officers who have completed the special flight-course training, will be presented their badges by the Deputy Surgeon, while qualified medical officers at other units will receive theirs from their respective air stations.

The badge was originated by Group Captain J. C. Wilson, CMC.

SUGAR and SPICE

By Bill Smiley

Attended a fighter pilot's reunion Canadian resort area, grinning last weekend, and am happy to report that I had not even been in the squadron. Just day, I went off with him on the second, some fishing trip. I've ever experienced.

He's an Australian of great charm, a certain refinement, a fastidious energy, and an extreme individuality. Add to these a keen mind and a rare flair for the wild card, in some months, and you have most of him.

Except that he's a bachelor, and doesn't have to cope with women and children and responsibilities and all that rest, when he comes up with one of his last-minute.

The interesting thing is that he made two promises to take me with him on that air travel insurance. The bid was undoubtedly furnished by the idea. "You mean, if you crash, we'll be rich!" I thought to know.

Well, it was a good laugh, and I did enjoy it. Most of it was a bit tedious, with some and some more and some of delight as old friends spotted each other. But the experience stood out in my mind.

There was the old fighter pilot whose thirty years had passed a lunch. He hung to the paper bag as to a life-line through the lunch

National Fire Prevention Week October 6 to 12

By A. B. Briggs
Alberta Fire Commissioner

We put out the attack to smother the flames — and only fire. We know fire hazards will not go away simply if we ignore them as we must and then not expect them to go away. The only way to prevent fire is to make sure the damage is only a few dollars but even the smallest fire is a potential fire disaster.

We tend to become complacent about fire when they do not involve us personally but we can do much to help with others' fires. We can do much to help with others' fires.

few examples where fire went on the attack and took the family by complete surprise.

The first case deals with a narrow escape by a woman who was alone in her house and who was awakened shortly after midnight by heat and noise in her bedroom. She ran out after hastily putting on a pair of slippers. The house and contents were quickly all aflame and nothing was saved above stairs as no fire department is the fastest to respond. Fires spread as readily that other occupants of the house had to climb out the second story window to escape. Lack of water hindered the

overwhelmed and then the rapid spread of fire was occasioned by leakage from the oil fuel supply. Oil furnaces must be installed according to provincial regulations and serviced regularly to assure there are no fuel leaks and that heat limit controls are working properly.

At a farm location recently, however, a wood burning stove was to freeze the fire exploded, seriously burning the farmer and resulting in a fire that destroyed his home. He spread as readily that other occupants of the house had to climb out the second story window to escape. Lack of water hindered the

in another instance a rural doctor and his wife were extremely damaged by fire started by an intoxicated man smoking in bed. He was alone in the house and was rescued by burns from a fire he had caused to the dryer. Just after he escaped from the bedroom, he collapsed in the living room near the door. He was rescued from the building by his son-in-law but he died from shock and asphyxiation before he was removed from the house.

These are from our records and certainly true stories such as those silent to forest potential to kill and destroy in the home. There is good cause for all of us to go on the offense against possible causes of fire in our homes.

We need to improve our fire prevention beginning this Fire Prevention Week.

JUNIOR CITIZEN AWARD WINNER

LARRY MORIN

9715 - 188 ST., EDMONTON

When Larry was only twelve he learned he was a diabetic. He had to forgo active school sports, baseball and football — all the sports a boy loves. This was quite a sentence to impose on such a young boy. But far from feeling sorry for himself, Larry developed talents for helping other people.

His aim in life is to become a doctor specializing in the problems of diabetic children. A worthwhile goal — don't you agree?

He has done exceptionally well in school. He completed his Grade 10 with an "A" average. He is a Sunday School teacher, and an enthusiastic member of his church's Young People's Group.

During the past winter, sixteen-year old Larry toured Northern Alberta with the "Search for Talent" show. He is an accomplished pianist, and used his talent to help raise money for crippled children. He has taught himself to play the guitar and banjo, and has formed his own folk singing

group "The Balladeers" which entertain in and around Edmonton.

Larry has been a counselor at the Lake Isle Camp for crippled children and last summer worked with diabetic children.

Calgary Power joins with the editors of Alberta's weekly newspapers in congratulating Larry on his courage and determination to live a full life in spite of his handicap.

This is one of six announcements about the 1962-63 Junior Citizen Award winners. Calgary Power Ltd. gratefully acknowledges the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winter our special thanks go to Mrs. Elsie M. Barnes of 5911 - 118 Ave., Edmonton and to the Editor of the Beverly Page, who nominated Larry for the award.

Town Council Favors Establishment of Hospital

By John Fisher

The regular meeting of Town Council was held on Tuesday, Oct. 8, with Mayor Kirby, and Councillors Kins, Hensley, Young and Peterson in attendance.

Mr. Norman Haddock was present at the meeting and gave a detailed report of the progress made by the hospital steering committee.

He reported on talks made with the health minister, and although the talks were productive, no progress had been made as yet.

The committee has not yet received a reply to the letter which was sent to the health minister, and although the talks were productive, no progress had been made as yet.

REMEMBRANCE DAY ESSAY WINNERS ARE ANNOUNCED

Both the Junior and Senior High School students of Fort Saskatchewan wrote an essay of 500 words or less on "What Remembrance Day Means To Me". This essay is submitted by the National Society of the Royal Canadian Legion in hopes of encouraging the younger generation to learn more about the meaning of Remembrance Day, Nov. 11.

The local branch of the Legion offered prizes of \$10 for the best essay and \$5 for the runner-up in both the Junior and Senior group. The teachers were responsible in selecting the best four in each school. A panel of five judges then selected the best two. The judges included John Ostry, John M. Kain, Mrs. Cunningham, Mr. Peter Minko and Mrs. Mural Johnston.

The winning essays belonged to Dennis Polakyc and runner-up Sandra Young of the Senior High School group, and Pamela Shorrock and runner-up Doreen Morris of the Junior High School class. The winning essays will be published in the Fort Record in weeks to come.

The two reported essays were declared as National winners of last year's contest. Next week we will reprint the two local Junior High School winning essays.

First Prize High School—Dennis Kordel, Langenburg, Sask.

What is the importance of observing Remembrance Day, what we do to remember and why? Many years have elapsed since the guns of World War I first spoke and even the battle of the Korean War is decades ago as players in the pages of history. Those days of fighting and terror and bloodshed are long days gone by—days of the past yet each year on this date, November 11, we assemble to commemorate those days. Why? Why should we, a peace-loving people, want to recall or remember in any way those events of the past when brought to us and our nation pain and sorrow?

In this day on which we are to celebrate our victory or loss of our power? Look at the crosses now on fire that stand in Flanders Fields. Is this victory? Look at the tear-filled eyes of a fatherless child as the honor roll is read. Is this victory? No, there is no victory in war.

As we gather about the cenotaph are we inspired by its beauty? Its contemplation may be beautiful, it may

be a sacred symbol that, on a monument of cold steel, tells the story of the brave Canadians whom it honors? No, there is nothing beautiful about war.

As we see the redoubt altar of a veteran's medal, do we think of the glory of battle? But during the sounding of the Last Post the last of the veteran reveals his thoughts of comrades in battle. How really he would trade his medal for the side of a comrade who fell at his side. It is not the medal a high death for a glimmering medal. There is no true glory in war.

And yet on this day we try to remember. Why? We are to remember because we dare not forget. We must remember the days of strife and conflict. We must remember it all but we cannot be

haughty and proud. We too are beautiful and those days of grief reveal. The most of the last war have not yet disappeared and destructive that lay before like a threatening disaster hangs over us today. We, in remembering the tears and sorrows, realize that war holds no victory or glory but can bring only devastation to those who hard its call. May we, therefore, make greater efforts to strive for peace and may we pray to our Creator for help and guidance. And we forget.

First Prize Public School—Brian Holland, Road Bay, Nova Scotia. One think November day. Discs of spectators were assembled before our War Memorial monument. A wreath of poppies had been laid at its foot, and the hush notes

had finally died in the breeze. All stood with heads bowed throughout our land, and once again I had participated in a program of tribute to our war heroes.

This was the anniversary of the day on which the Armistice ending World War I had been signed. And the period of silence indicated a time for respectful prayer for all who had died in war.

But, was the entire significance of the annual observance? Since last World War II, the War in Korea, and the "Cold War" have since made them necessary to us.

It is so surprising that, in 1963, I who go to school—let's say, I am a student—have learned that, of the destruction rained down upon countries and the misery and destruction that follow in its wake. This is the price that valiant men and women have paid—for what return? Your Liberty and Peace!

On this day, men and women live for a few moments, in the past. An old Canadian mother pictures the white cross in Flanders Fields that marks the final resting place of her only son. Broken men recall the terrible intensity of existence in a trench. The Royal Air Force sees the towers of those great London night-raids. And the French Commandant reviews the slaughter witnessed on a Dunkirk beachhead.

Yes, Remembrance Day recalls all these memories, but it also reminds each one—and youth in particular—of a pledge for the future. These men have bequeathed a precious treasure to us—and with it, pose the responsibility of protecting our heritage that we may pass it on unharmed, to the generations who

had finally died in the breeze. All stood with heads bowed throughout our land, and once again I had participated in a program of tribute to our war heroes.

Broken men recall the terrible intensity of existence in a trench. The Royal Air Force sees the towers of those great London night-raids. And the French Commandant reviews the slaughter witnessed on a Dunkirk beachhead.

Yes, Remembrance Day recalls all these memories, but it also reminds each one—and youth in particular—of a pledge for the future. These men have bequeathed a precious treasure to us—and with it, pose the responsibility of protecting our heritage that we may pass it on unharmed, to the generations who

had finally died in the breeze. All stood with heads bowed throughout our land, and once again I had participated in a program of tribute to our war heroes.

This was the anniversary of the day on which the Armistice ending World War I had been signed. And the period of silence indicated a time for respectful prayer for all who had died in war.

But, was the entire significance of the annual observance? Since last World War II, the War in Korea, and the "Cold War" have since made them necessary to us.

It is so surprising that, in 1963, I who go to school—let's say, I am a student—have learned that, of the destruction rained down upon countries and the misery and destruction that follow in its wake. This is the price that valiant men and women have paid—for what return? Your Liberty and Peace!

On this day, men and women live for a few moments, in the past. An old Canadian mother pictures the white cross in Flanders Fields that marks the final resting place of her only son. Broken men recall the terrible intensity of existence in a trench. The Royal Air Force sees the towers of those great London night-raids. And the French Commandant reviews the slaughter witnessed on a Dunkirk beachhead.

Additional members to be contacted for the other two positions. Planning Board meetings have been changed to the third week of every month. A number of signs on approach to town are being placed through the planning board. A revised supplementary budget for the year 1964 is being prepared. The town had to all deposit requests in the amount of \$13,000 to pay school and hospital requisites in the amount of \$7,778 and \$974 respectively. The interest receipts on this money has been \$1,000 and there still has a deposit receipt of \$8,000 received.

The Ladies Aid held their monthly meeting on Dec. 11 in the Josephburg United Church in Christ 15 and St. Margaret's Road. The president, Mrs. Julius Fry, opened the meeting with a hymn and one lady was presented. Following business, the election of officers for the coming year resulted. Mrs. Walter Fry, president; Mrs. George Johnson, secretary; Mrs. Hilda Kipp, treasurer; Mrs. Albert Thomas, elected and re-elected; and Mr. Arnold Fry, re-elected. A vote of thank was given to the retiring officer and the president, Mr. Edward Walter Fry, W. E. Fry (who called a short devotional period). The lunch committee, Mrs. Albert Thomas, Mrs. Charles Herbert and Mrs. Herman Dahl served a delicious lunch.

On the evening of Dec. 11 in conjunction with the Josephburg Church of Christ, the Rev. 2. Gordon, of the Canadian Bible Society, presented the movie "The Christ story of the Nations" which was a colored film taken in Canada by Rev. Emmanuel Bann, who was well known here. Another short film was shown, Rev. B. Bann and Rev. W. E. Fry both held a short devotional service.

At the Sunday morning service Christmas Eve was on "Picture that Star" and the Senior Choir rendered an Advent Anthem. A palmatina followed the choir and was given by Rev. and Mrs. Fry.

On Sunday evening evening a service of devotion was held in the Oliver Memorial Institute where Rev. Fry, the Junior and Senior Choirs held a service there for the

Yuletide Spirit Stays All Year

Nearly every community in the world has a special way of observing Christmas—and in some towns and cities, the spirit of Christmas prevails literally the year round.

In Waterville, Conn., an observance of the first Noel is the tradition of the Town of Waterville on winter Pine Hill.

This town observance "Bethlehem" was introduced in 1871, to celebrate and study of Jesus during the Biblical country. The town of Waterville, where Christ was born, is one of the few where there was no snow, and the Roman legend of the star which led the three kings to the manger is the basis for the observance. The town of Waterville is the only town in the world where the observance is held.

"Puritanism" has been used to describe some buildings which were built, or may not have been, located in Bethlehem, such as "David's Birthplace" and "Milkmaid's Chapel." The town of Waterville is the only town in the world where the observance is held.

Times Have Changed But Shepherds Watch Over Sheep At Night

Sheep and shepherding are closely linked with the Christmas story, and they also serve as a symbol of the Christian religion. The story of the shepherds watching over their flock is a central theme in the Christmas story.

When darkness falls on Christmas Eve, today shepherds are watching his flock by night and by day. The shepherds are watching over their flock, and the sheep are watching over their flock.

There are some differences between the shepherds of the Bible and the shepherds of today. The shepherds of the Bible were men, and the shepherds of today are women.

LITTLE BUT LEGEND KNOWN ABOUT VISIT OF WISE MEN

Many legends have developed around the visit of the three wise men to adore the infant Jesus. Even their number is legendary. It is reported that the three wise men came from the east, without stating how many there were.

It is not until some time later, in a legend which can be traced back to the 12th century, that they are called "three" and are named: Balthazar, Melchior, and Gaspar.

In even later times, they are designated as Melchior, Gaspar, and Balthazar. The legend is a legend, and the legend is a legend.

the wondered who these strange men were who had come into their humble dwelling. Thought of all night when she was awaking her husband to arrive.

The stranger, a man and a woman, looked kind but very tired as if they had been travelling for a long time.

The gentle woman looked up at the man smiling. "Joseph, let us stop here. I am so tired and I can't travel any further."

The man smiled. Joseph, turned to the woman and answered, "Very well my beloved Mary, there is no room in the village and I am sure this cow will not mind sharing her manger with us. It will be safe only yours for you to rest upon."

The kindly man placed his hand upon her neck saying, "Gladly you will you share your manger with my dear Mary? She is so tired for we have come a long way and are seeking our first child to be born."

She moved over, making room for the lady named Mary, who did look very tired but beautiful, with an angelic look on her face.

Suddenly there burst forth singing the she had never heard before. Music that even to come from the voices of a thousand angels. The simple came nearer and nearer and a great light filled her stable. She had never known such great fear and excitement before. She looked through the door to see if she could locate where the great light and beautiful music was coming from. She saw a host of angels singing in the heavens and a large choir singing with such brilliance that she was almost blinded.

Then she heard a small hummery and turning her head she saw the lady holding in her arms a small baby, born in a miraculous fashion.

The lady Mary, turned to Joseph and said, "We shall call our son, Jesus," the two shepherds coming into the stable with awe and wonder in their eyes, and when they saw the young baby they knelt down before him and sang songs of praise.

She saw three men coming through the door, dressed in rich robes of satin and velvet, and

many jewels draped upon them. These three men who looked like kings were followed by many servants carrying gifts which they placed around the small infant. The three men like the shepherds knelt and sang songs of praise to the infant, Jesus.

While the mother Mary sang a soft lullaby to her new son, she wondered who this holy named Jesus was. Could he be the Prince of Peace whom all the world had been waiting for? The great angels who were coming to bring peace and goodwill to all mankind?

She knew now that her son was Jesus who was about to arrive and she waited patiently for it. As she knelt and shared her cow shelter by the manger, "What a wonderful night for this to happen. Because of the great happiness brought her child by the birth of this small human, I shall call my Child, JOE."

Marzipan Has Sweet Story

Known to the history of migration, a connection that is usually thought of as a Christmas candy. Today, it is still being made with the same ingredients as those used hundreds of years ago.

It consists of finely ground almonds mixed with a little white egg or white of egg, sugar, apricot and flavoured. Sometimes honey is added.

There are many legends concerning the word "marzipan," says the Oseley, Christmas and Confectionery Institute.

One old tale attributes it to the bread eaten by St. Mark in the desert. — "Herald Press," the Herald of Marzipan.

Records show that Bartolomeo, a merchant, arrived in Prince Rupert, B.C., in 1871, and he was the first to introduce marzipan to the province.

Science Seeks Source of Star

Since the Marzipan first described the story of Bethlehem, its mystery has fascinated mankind. Was it a miracle? Or was it a brighter-than-sunlight star of other celestial objects?

Astronomers, while seeking to identify the star, emphasize that a star may have been a comet or a meteorite, which could be explained in terms of natural phenomena. However, research has provided material for conjecture that the star may have been a natural occurrence.

One theory is that the star was a comet, which was seen by St. Mark in the desert. — "Herald Press," the Herald of Marzipan.

Another theory is that the star was a comet, which was seen by St. Mark in the desert. — "Herald Press," the Herald of Marzipan.

FORT SASKATCHEWAN, ALBERTA

New Year Message From Hon. J. Percy Page

As we stand on the threshold of 1964 the best wish I can think of for all my fellow citizens is that we move into the New Year with the same determination and will-to-win as we moved into the New Year twenty years ago.

In 1944 our fortunes were at a very low ebb. Thousands of our fighting forces had already given their lives to defend this country of ours, and the way of life we like best, while the dark clouds of war were casting gloom over all of us at home.

And yet, inspired by the courage of our forebears and our allies, we refused to bow down to the misfortune that threatened us. Instead, we rallied behind the men, behind the guns. Together, we emerged free, and triumphant from disaster.

I believe that, after one of the most momentous years in our history, a year of tragedy and painful happenings, we need to summon courage once again to meet the future with hope and confidence.

The year just past brought us new developments in science and in the pattern of education. It brought into being new nations and shattered the early aspirations of some others. But the tragic death of President Kennedy among other leaders, cast a shadow over the bright spots.

Now, I believe, we should let our fellow Canadians overseas — the serving personnel, the civilian workers and all — know that we are determined to make 1964 a rich and rewarding year of achievement. That is also my personal wish for each one of you.

FUNERAL SERVICES HELD FOR JOHN CINNAMON, AGED 97

Funeral Services were held in the First United Church at Fort Saskatchewan on Dec. 27 for John Cinnamon who passed away at an Edmonton hospital on Dec. 26 at the age of 97 years.

Mr. Cinnamon was born in Leam, Quebec in 1867 and came west in 1884 where he resided at Red Deer with his parents. At the age of 17 he joined the home guards as the youngest member when the rebellion of 1885 broke out.

After the rebellion he moved to Fort Saskatchewan where he and his brother Tom operated a butcher shop. From there he moved to a farm at Pukak where he married in 1891. In 1916 he moved to a farm at Telford where his wife predeceased him in 1959.

Disposing of his farm at Telford he spent a short time at Olive before moving to Fort Saskatchewan where he spent the rest of his life except the last 1 year, which were spent in an Edmonton hospital.

The pallbearers were: Frank Kibak, Walter Himmans, Fred Simons, Andy Anderson, George Williams and James Cinnamon.

Four members from the Canadian Legion No. 149 took part in the graveside service. Rev. James O'Neil officiated.

Funeral Tributes — were received from the Rev. Walter Simons, Rev. James O'Neil, Mrs. J. Anderson, Mrs. J. Anderson, Mrs. J. Anderson, Mrs. J. Anderson.

Deaths to the family and friends: John and Mrs. Cinnamon and Ray; James and Edith; Wilfred and

Anna; Gamelle and Edna; Eli and Annie McKnight; Maggie and Joyce; Vera and Don; Mrs. Anderson; Reed and Edna; Art Irwin; Mrs. M. Hanlan and Kenneth; Marie; Harold and Howard.

United Church Burial Fund: Jim and Ethel; Arthur and Lella; Ender, Mrs. Margaret Walker.

Fortville 281 Memorial Fund: Frank and Gladys; Eli and Lillian; Harry and Dorcas; Jim and Edna; Mrs. Alton and Arthur; Joe Smith. Mr. Cinnamon is survived by one son Ray, of North, Red Deer, A.B. and one daughter (Kathy) Mrs. Stanley Walker of Fort Saskatchewan; eight grandchildren and four great grandchildren.

There are little boys and girls who are in need of cards, and the Auxiliary will send them out to the children in the Christmas Concession. Please or collect Mrs. Edith Brunson at 149-149 or Mrs. Alvin Thompson at 149-149 or any Auxiliary member.

Quality has everything in its name including the price.

JIM KENNEDY, RICK YEREX ATTEND TUXIS PARLIAMENT

The Tuxis and Older Boys' Parliament of Alberta held its 6th annual session in Lethbridge Dec. 26-27.

The Parliament, a Christ-centered model legislative assembly, had as its theme a portion of the Great Commission, "Into All the World." Legislation considered during the session relates to the responsibility of every Christian to practice his beliefs.

Issues included the Indian problem, teachers' rights to strike, open funders and ban of tobacco products.

The 56 members of this session represent Baptist, Presbyterian, Anglican, and United Church congregations in all parts of Alberta. They are Christian young men questioning but sincere about their faith. They seek the character training that the Parliament offers implied in the scriptural basis of the organization, "And Jesus increased in wisdom and stature and in favor with God and men." (Luke 2:52).

During the session, members participated in various worship, social, educational and recreational activities. Sessions J. Cinnamon, the only Indian in the Canadian Senate, spoke to the members in a plenary session concerning the Indian prob-

lem resolution.

Premier for this year was Ian MacDonald, a fourth year Commerce student at the University of Alberta in Edmonton. Larry Johnson of Lethbridge was leader of the Opposition. Lieutenant Governor for the session was Brudenor Campbell, J. B. Stewart; Bob Thompson, Leader of the Opposition for the 6th Session, was speaker of the House.

Leaders for next year, elected at the close of the session, are Larry Johnson, Premier; Dwayne Johnson, Leader of the Opposition; Colin Miller, Deputy Premier; and David King, Alternate Leader of the Opposition.

It was announced during the session that a National Conference for the Leaders of Boys' Parliaments from across the country will probably be held here in Lethbridge sometime in 1967. The Parliamentary movement has agreed to all its provinces since its inception in Ontario in 1917, as an offshoot of the mid-intercommunalism Trusts.

Each member youth training program.

The Parliament will meet in Calgary next year during the Christmas holidays for its 6th Session.

Jim Kennedy and Rick Yerec were the representatives of Fort Saskatchewan.

Farmers Union News
According to R. E. English, Farm Union Statistician, there are 78,282 farms in Alberta. Of these, 68,000 are in the hands of 10 or more people each year is about 8,000. This is the number of producers who would be eligible to vote in any New Marketing Board elections.

Such a vote has been called for by the Farmers' Union of Alberta, at a time when almost all the other Farm Unions are moving in this direction. Past experience indicates it will be difficult to get all the producers to vote in the 20,000 to 25,000 producers who would be eligible to vote in any New Marketing Board elections.

There was more interest displayed in the better quality market steers at the Edmonton Public Butcher's market. However, sales were made in the 20.00 to 21.00 price bracket with the old sale to 21.00. Butcher costs remained under pressure all week with few strictly good hinds offered. Increased offerings of good steers and feeder steers moved at prices up to \$1.00 higher on a general run of better quality hinds as compared to good steers. There was more movement on good steers making between 500 and 700 lbs.

"Good! I'll send you my cheque today!"
Most people today pay for goods or services by cheque — because most people have a bank account. It's the simple, safe way to transfer money to any person at any time.

The most cheque you put in the mail, or cash at any branch of a chartered bank, will be one of our billion that goes through the banking system each year. These billion-dollar slips of paper represent 90 per cent of all financial payments made today, and this is the most efficient handling by the chartered banks to ensure that to bank customers, indeed to the whole economy of the nation.

To handle the ever-increasing flow of cheques — and to maintain standards of efficiency in the cheque-clearing process — chartered banks have introduced a new technology to be used in high-speed electronic clearing. This new method, called MICR, makes possible a faster, more accurate service to customers, and minimizes the risk of cheque-clearing errors. It's the most convenient bank banking service.

County of Strathcona No. 20 Council Authorizes Purchase of New Graders

The County of Strathcona re-opened its January Council Meeting on Monday, Jan. 13, 1964, with all Council members in attendance. Mayor M. R. Porter presiding.

By-laws No. 27 was enacted which authorized the purchase of two new motor graders from M. Angus Ltd. at a net cost of \$48,350.00. One old motor grader was traded in on these transactions which now gives the county a total of seven graders. All of them are fully equipped for snow plowing.

The Council authorized the appointment of Wayne O. Stanger as Strathcona Park as full-time fire chief for the county. Mr. Stanger has been the fire chief on a part-time basis since the inception of the County Fire Department and now takes over this responsibility on a full time basis. The appointment of Mr. Stanger will take effect as from February 1, 1964.

The Council agreed to participate in the special Thursday night bus service between Strathcona Park and Edmonton. At the present time the service is operated by Diamond Bus and under the new arrangement the county will assume one third of the cost of operating this service.

The 18th request of the Leduc-Strathcona Health Unit, Wilfrid Service was received in the amount of \$4,000. This request related the approval of the Council a letter from Hon. A. J. Macdonald, Minister of Municipal Affairs, made considered which called the attention of the Council to the number of serious accidents occurring at the road level intersections. The letter suggested that the Council take

EVERY PART IN THIS PICTURE ON EVERY NEW Plymouth, Dodge, Valiant, Chrysler & Imperial car and Fargo & Dodge truck IS BACKED FOR 5-YEARS OR 50,000-MILES!

This outstanding warranty covers defects in parts or workmanship in the power-train—that's the engine and all internal parts, water pump, intake manifold, transmission, torque converter, drive shaft, universal joints, differential, rear axle and rear wheel bearings. And it includes both parts and labour. It is honoured by every Chrysler Canada Ltd. dealer.

All you need to do is have the oil changed every three months or 4000 miles, the oil filter replaced every second oil change, and the carburetor air filter cleaned every six months and replaced every two years—and have

these services validated semi-annually by your Chrysler Canada Ltd. dealer—in other words . . . just normal car care.

This exclusive warranty comes with every 1964 Plymouth, Dodge, Valiant, Chrysler and Imperial car, and Fargo and Dodge truck. A warranty tells you two things about a car and truck manufacturer: the confidence he has in the way his product is built; the concern he feels for those who buy his product. Only Chrysler Canada Ltd. dealers offer you this kind of confidence and protection. Don't settle for anything less!

SUGAR and SPICE

By Bill Smiley

My speech was a roaring success. You know, the speech on Good Reading habits, to our honor students.

I mentioned it last week. Yes, it went well! Does anyone know anyone who wants a slightly used rational number?

I haven't received an official communication from the school board yet, but I understand they are holding an emergency meeting right after my speech, and will give the appropriate charges of money, gawk and intellectual malnutrition.

When I began to write the speech I couldn't think of a single Good Reading habit. Then, finally, from my old health class in public school, they began to filter back.

Rule: When reading, the light should come over your left shoulder. It's very awkward if your left shoulder happens to be higher than your right. Unless, of course, you are an Arab and read from right to left. Then I promise to stand some over your right shoulder.

Rule No. 2: Always read in the bathtub, when possible.

Somebody once said that the ideal education would be a boy sitting on one end of a log, and Mark Twain, a great American scholar, sitting on the other.

My notion of a great educational advance would be a classroom with 20 bathtubs, and up the classroom, a super-cub, in pink mother-of-pearl for Mr. Smiley.

Think of the realism we could inject when Lady Macbeth says, "A little water will wash us of this deed." Think of the special effects we could obtain while reading Old Man and the Sea, or Trifles. We'd all be in swim suits, naturally.

Well, from that point, my speech moved effortlessly into the realm of Good Reading habits in history. I rounded the side of Aristotle. Think that the world would have moved if he hadn't climbed into a bath one day with a copy of Ovid's poem.

The minute he got down, he knew there was something wrong. "Papa-tha!" he screamed and jumped out of the tub. Somebody had put pop-cris in instead of bath salts in the water. And then was born Archimedes. Prince ple, one of our great laws of physics. I'm not quite sure what it is, but I think it's something like "What a bath is better than none." Anyway, as we all know it's a very important principle. I left the side with this sentence:

shared chair with a lamp built on his knees. That's Mr. Smiley used to be an English teacher. Poor old fellow. He's kind now.

And the winner will say, it doesn't seem to bother him much. What's the old red Christmas air?

And the maestro will reply, "Oh, he went blind when he was 16, and was furious for awhile, because he learned the Braille system in six weeks, and now he reads everything he can get his hands on. In Edmonton, Mr. Smiley."

BASKETBALL

Due to the unseasonably warm weather the past few days, the senior hockey program has come to a sudden halt.

However, play will resume as soon as the ice conditions are under control. Five out of a possible 10 games were played over the weekend, and the male division, League had eight left to host Port District B-1 and B-2 before the season ends.

In the boys' play, League and B-1 have played a 4-4 tie in Thursday night's game. In the girls' play, League won over Dow Chemical 10-1 Saturday.

Here are the league standings to Saturday, Feb. 8:

Mr. Va' Bert of Edmonton had recently undergone surgery in the Royal Alexandra Hospital.

Congratulations to Mr. and Mrs. Ed Prum, nee Joyce Thomas, of Calgary on the birth of a son, Edward James on Feb. 26. A brother for Osmie and Sandra. Proud grandparents are Mr. and Mrs. David Thomas.

Mrs. Robert Thomson and son Dennis of Edmonton spent a week with her sister, Mrs. Leonard Berg and boys.

Mr. and Mrs. William Woodbridge and daughter Karen and Margot spent the weekend at the parental home of Mr. and Mrs. G. Woodbridge at Edgewood.

At the Sunday morning service in the Josephburg United Church (E and R) an Oak Altar was dedicated. This was given by Mrs. Andrew Underschultz in loving memory of her husband, Mr. Underschultz. A bouquet of pink and white carnations enhanced the altarpiece and was given by the Underschultz family in memory of Mr. Underschultz. Rev. W. R. Frey

Mr. and Mrs. Ed Underschuults and other members of the family. For the occasion Mr. and Mrs. Ed Underschuults entertained at dinner on Sunday.

Watching them, I was sad. It's a pretty bitter thing, after all, to have been too young for the Charleston, too old for the Twist.

MONKEY

We are now at the end of the 1963-64 hockey season. All leagues have all play-off games in the final level have been completed.

In the B league division, Moose captured the championship by defeating the heavily-favored Legion club two games straight, 3-2 and 1-0.

In the C league division, the Legion won the title in a 2-0, 4-1 and 3-1 victory over the Hawks in the playoffs.

In the Highway 16-18 League division, the Hawks defeated the Legion 3-2 in the final game of the season.

Ladies Sponsor "Easter Bonnet"

The Ladies' Auxiliary to the Royal Canadian Legion are sponsoring another "Easter Bonnet" contest. This will be held in the Legion Hall on Saturday, March 14, and the sale of home baking will be in conjunction with the above project. The public are cordially invited to take part in the contest, the only entry fee is a hot meal and women by yourself.

There will be three categories: original, this covers the type of bonnet that can be worn anywhere; short, wedding, late, social functions; and accepted, bonnet of the type that the hat is made to the wearer's liking. The prize is a hat made to the winner's liking.

A new section is being added to this contest which is artistic. Here is a chance for your creative construction, this hat is neither funny nor is it claimed as suitable for winter wearing. There will be money last year in this list, but could not be judged properly due to there not being a category for them. Prizes will be awarded to the winners of each group. This year the Auxiliary will be judged with the public however, this we hope there will be a better response from the public. Judges and time of judging will be announced later. Please remember this date and come wearing your "hat".

Dr. Turner Presents Books To Fort School

The fort school library is a fine example of the work of the library division of the City of Saskatchewan sponsored by the Young Canada Book Week. The drawings were to illustrate a book and a suitable cover for it.

Last week two students of the Fort Elementary School were awarded prizes for having been chosen to illustrate the book.

Another memorable event took place last week at the school when Dr. Turner presented volumes of the Canadian Geographic Journals to the school.

Dr. Turner had collected the Canadian Geographic Journals for many years, dating back to 1961, and had included many articles from newspapers and other magazines.

Three volumes had been donated to the school, and last week, Dr. Turner presented the bound volumes to the school.

The afternoon activities included some reading by the students, and the presentation of the volumes.

Also the hospitalary extended by the merchants and businessmen of the hospital is being received by the hospital.

Something On Cattle

There is an item from the *Minneapolis Star* of the Canadian Cattle Raisers' Association, a paper of high reputation. You may find the item interesting.

If They're Ready—Not

It's only human reason to try and get a better price for your fat cattle. Yet last year, gathering for a better price cost some cattle raisers nothing but money. When the fat cattle market drops, buyers tend to hold their cattle off the market, for an optimistic wait-and-see policy. This action last year when prices did not always rebound, resulted in large numbers of heavy cattle being marketed.

Penalty and Pay

These heavier weights, perhaps over 30 lbs. per animal, have hurt the overall fat cattle market by cutting a lot of extra pounds of beef to your production. If we assume a 1000 Canadian lbs. of 13.00, 60 head of good to choice cattle, and 20 lbs. to each cow, we have an extra 25 million pounds of live-weight beef on the market.

Market Balance

If you break this down on a basis of a 60 per cent dress and 40 per cent cutting weight, it amounts to \$2 million pounds of saleable meat. When we have no export market and consumption and production are very close, these extra pounds can do nothing but depress the market.

Pending Cattle

Should the effort on total production, the trader has been paying dearly to put these extra pounds on his cattle because of the soaring costs of a pound of grain when selling over 1000-1500 lbs. The final few cows when prices do not improve may be even worse, when the price comes up hope and sells his heavy cattle and likely will be disappointed on the price per lb. because they are too heavy for the trade.

You may not make a fortune, but likely your losses will be less.

Feed Lots Overlooked

Stewart, writer, commented in the United States that the weight loss in fat cattle is greatest during the first two or three hours of transit. Based upon gross weight, this averages out amount to over 8 per cent in the first five hours. For the next 24 hours not to approximately 17 per cent per hour. Thus, a 1,000 pound steer would lose about 60 pounds during the first five hours of the journey and about 40 pounds in the following 24 hours. To keep this weight loss to a minimum it is very important to provide adequate feed and rest periods when travelling time exceeds 19 hours, since the feed and rest period will restore about 20 to 30 pounds of lost weight, the rest of the feed and yardage will be more than covered by the extra pounds of meat sold.

Condition Animals

Other practices recommended to minimize shrinkage include conditioning the cattle two or three days before they are shipped. This can be done by reducing the amount of grain and rough feed (green feed, alfalfa, etc.) and increasing the hay ration. Animals should be kept off feed and water for several hours (not over 18) before they are shipped.

Good steady animals and loading

equipment will ensure that market preparation and loading are accomplished with the minimum amount of stress and excitement, both of which take their toll in weight loss.

Watch the Cattle

When practical separate the leaders from the stragglers which are going to be marketed immediately after weighing, should be left with their mothers until the last possible moment. A very considerable weight loss will be maintained before they even leave the farm if they are left for a day or two huddled along the corral fence bawling for their mothers.

Pay Reasonable

A Western Canadian cattleman on his first trip to the Toronto Bay managed to sell all the downers he better be stumbled down a

stairway leading to the railway. Bouncing head-down later he met a friend who had been searching for him.

"Where in the world have you been?" the friend demanded.

"Down in some guy's cellar," the boy ch. boy, has he got a set of stairs."

Accidents Getting More Frequent

Level crossing accidents are becoming more frequent, particularly in rural sections of the country, according to the All Canada Insurance Federation.

The federation, which represents more than 200 competing Canadian firms, usually and auto insurance companies, warns that level crossing accidents are almost always fatal. These slips are recommended to avoid such accidents:

1. Play it safe, never cross a train in a crossing even if you feel you have plenty of time.
2. Slow down as you approach tracks, it's not only safer but easier on your car.
3. Be careful of double tracks; a second train may be hidden by one which just passed in the other direction.
4. Don't get trapped on a crossing in heavy traffic; if cars are bumper to bumper, wait until you have plenty of room to cross.
5. Beware of loose gravel which may make it difficult to stop quickly as you approach a level crossing.
6. Shift into a lower gear if necessary; the short, steep incline

leading to many level crossings may cause your car to stall.

7. Lower your radio volume and open the car windows as you approach a crossing so that you can hear the whistle of an approaching train.
8. Always look for trains; sometimes wig-wag signals may not be working.
9. Remember . . . the average train takes only 30 seconds to clear the crossing, whether you are in the way or not.

YORKVILLE NEWS

Mr. A. V. Van Oosterhout

The Yorkville local of the PMA met at the home of Mr. and Mrs. Peter Wagner on March 14. Mr. Paul Wagner, provincial president, spoke to the meeting on what the organization is doing for the farm people. He also touched on how the farm people are doing in western Canada at present. A number of slides showing the operations of the big marketing board in Ontario were shown.

After present was Mr. R. O. Badger of Brandon, sub-district director. He spoke on the setting up of a County team. Which is in the process of being organized.

Compliments were paid to Mr. and Mrs. Hubert of Crows Nest for the birth of a baby girl. Monica Marie, weight 7 lbs. 7 ozs., born Feb. 28 at the Lacombe hospital.

At Sturgeon on March 4, Mr. Leslie Wagner passed away at the age of 70 years. Mr. Wagner was to be remembered as a child with her parents, Mr. and Mrs. Wagner, and would have used her marriage to Mr. Oosthuis Wagner. They then moved to Medicine Hat and later returned to Sturgeon. She is survived by her husband, two daughters and three sons and one brother, Mr. Carl Wagner of Lacombe. Burial will be in the same cemetery as all their families.

We wish to congratulate Mr. H.

THE IRISH IN SPRING

Caught between the revolutions of Ireland and the Twenty-first of Spring, I was in a quandary about a topic for this week's article. Is a square in a cross between an Irish boy and the first day of spring in Canada?

Come to think of it, the two have a lot in common: the Irish and spring in this country. You save know what I mean? You may be for a host of weeping, a horde of sheep, or a basket of hot air, from either.

Perhaps it is this unpredictability that makes the Irish and the Irish and the coming of spring in Canada such a constant source of involvement, delight and despair. I speak as an expert. My wife is half Irish and I've battled my way through a good few of those Irishmen's emotions. First day of spring — in this land.

I never knew any more than the Irish do whether my wife is going to hit me or kiss me. And I never know whether the twenty-first of March is going to wrap me in a great voluptuous embrace or flap me with a wind that would freeze the brain of a brass monkey.

There's a great deal of myth in the popular conception of these windy days, the Irish and spring. Irishmen are supposed to be building over with the joins of

Gwen Parkin, Lionel Riley United in Marriage

Beautiful homages of pink and white gladioli banded the altar of Blessed United Church on Sunday, Feb. 20, 1964 when Miss Overduyck, daughter of Mr. and Mrs. C. Parkin of Vancouver, exchanged vows with Mr. Lionel William Riley, son of Mr. and Mrs. W. Riley of Westlock, Alberta.

The bride looked lovely in the arms of her father, wearing a lavender lace gown with a long veil. While accessories and a carriage of white carnations tipped to make her a perfect bride.

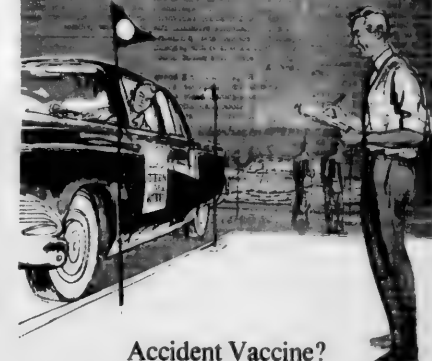

The groom's mother was a gold lace choker dress with matching accessories.

A reception for the immediate family and wedding party was held in the "Pier Room" of the Paddock Dining Lounge. A party given to the bride from her paternal grandmother.

When John O'Neil made his appearance of discovery from England to Canada in 1497 three of the members of his 30-man crew were his sons, Lewis, Sebastian and Francis.

Mr. Mark Tustin: "One an Irishman's lager for a month and he's a good man. An Irishman is kind with copper, and the beer carries it. But winter polishes the copper and is the saving of him."

However, I intend to have the last word on Canada's first day of spring. Here it is: Canada's spring. Isn't even a season. It's curiosity of "Thing That's usually broader."

Accident Vaccine?

WELL, NOT EXACTLY. Ten years ago, polo was a major killer of youth; today, vaccine has made the disease a comparatively rarity. But, even as polo was claiming lives by the hundreds, traffic accidents were killing more people under 25 than any other cause of death—and they still are.

Do we have an accident vaccine? No. People can't be vaccinated against accidents, but the toll can be reduced through the teaching of our

most driving habits and safety habits to our ten-age population at the formative stages in their lives. This is what the automobile insurance business does through its sponsorship of the National Teenage Safe Driving Championship—the culmination of a one-to-one series of safe driving competitions involving more than 30,000 young drivers in 225 Canadian communities each year.

SOME PRESCRIPTIONS ARE COMPOUNDED

Because we take great pride in our profession, the Pharmacist at Parry's Pharmacy compounds prescriptions of a serious nature. Many physicians prefer to have their patients and all types of prescriptions, ranging from simple to complex, compounded at Parry's Pharmacy. If we tell you it will take some time to fill your prescription, the odds are that your physician has requested a compounded medication. The finished product will look the same but a great deal of the training, experience and effort have gone into it.

Teaching the teacher

EXPERTS TELL US that almost 90% of all automobile accidents are directly attributable to human failures of one kind or another.

Modern technology has succeeded in making today's cars and roads about as safe as it can be. It is time for drivers to catch up—through driver safety training. (Only this type of training will teach young drivers the kind of "safety-thinking" so essential to safe driving.) But training requires teachers, and teachers themselves must first be taught.

That's why the automobile insurance business, as a part of its national program of promoting injury education for the young drivers, pays the costs of the annual Driver Training Education Program conducted by the Canadian Highway Safety Council for teachers in many parts of Canada.

TO MEET APRIL 14

The regular monthly meeting of the Fort Saskatchewan Handicraft Guild will be held in the Home Economics room of the High School on Thursday, April 14, at 8 p.m.

Despite the rainy weather, well over 260 persons attended last week's Legion cash bings.

No one was able to latch on to the healthy sum of \$60, which means that the April 17 cash bings incident will be \$130 in the moneybag.

BRUDERHEIM DISTRICT NEWS

Mrs. Repach, Correspondent

Winter seemed to have one last gasp over the weekend, but despite the weather, Bruderheim was open in the traditional manner. There were special services in the churches and the usual number of visitors "home" for the weekend.

The Meaford Young People's group of the Josephine Young People at a fellowship supper and social service on Good Friday evening. On Sunday there were the regular worship services and the singing group of 30 children and young people presented a varied program at the church.

Tuesday the Young People visited shut-in and older folk, then spent an informal evening playing games at the Ted Spurgeon home.

Communion service was held in the Lutheran Church on Good Friday morning and regular services on Sunday. Some members attended the service, some at the drive-in early Sunday morning. Bruderheim evening the film "Marty Luther" was presented at the church.

Mrs. John Ulmer had her mother visiting her from Southern Alberta during the winter with older friends included the C. Blum family from Ladang.

Congratulations to Mr. and Mrs. Neil Hauer on the birth of their son, Kevin Darryl, on March 31, 1961.

Congratulations to Mr. and Mrs. Chas. Stankin, Edmonton, formerly of Bruderheim, on the birth of their son on March 31. The Community Centre board met on Thursday evening in Oshawa.

Apply now for your Social Insurance Number

Your government is launching Social Insurance Number Cards in place of the unemployment insurance numbers that most employed people have had until now. The new numbers will help government to use modern office methods for greater efficiency in handling unemployment insurance, and also other social benefits such as proposed pension plans.

For these reasons, you are invited to apply for a Social Insurance Number, even if you are not a contributor to the unemployment insurance plan.

IF YOU ARE AN EMPLOYEE your employer will give you an application form. If it is not sent return to your employer promptly.

IF YOU ARE UNEMPLOYED and drawing unemployment insurance benefits you will complete an application form when you report to the U.I.C. in person or by mail.

IF YOU ARE NOT EMPLOYED registered with the Commission, you will receive an application form automatically. IF NOT registered with the Commission, please get in touch with your local U.I.C. office. There forms will be sent to you. Distribute application forms to your employees, have them completed and return them promptly together, not individually, to the Commission.

YOU CAN HELP BY COMPLETING YOUR APPLICATION QUICKLY AND ACCURATELY.

YORKVILLE NEWS

Mrs. A. Vinn, Correspondent

The plans for completing the Yorkville Community Centre will begin immediately. The meeting was chaired by the new president, Mr. Neil Drennon.

Mrs. Bertha Noah was hostess for the Ladies' Community Club meeting on Wednesday evening at the centre. \$76 was raised from the wine dinner sponsored by the Community Club for the hospital at Lakeland. Mrs. V. Chornicki had the top score of 78 in the Bruderheim area. At times of writing we do not know if this was the top score for the night.

Mr. R. Christie has returned from Toronto where he attended an informal evening playing games at the Ted Spurgeon home. While there he visited with Mr. and Mrs. Art Housch.

FORT TOASTMISTRESS CLUB HOLDS SUCCESSFUL MEETING

The third meeting of the Fort Toastmistress Club was held at the Fort Hotel April 4 with 13 members and three guests in attendance.

Mr. Wolf Napier of the Fort Toastmistress Club acted as general evaluator. His comments and criticisms were most helpful.

At the meeting of March 11 chaired by Irene Morrison, Madeline Knapton, Neil Powell, Marion Colman, Julie Hancock, Bertha Kier and Doris Becker, with Mrs. Fort as guest, the club presented a variety of entertainment. They will be active part in the program.

The next meeting will be held at the Fort Hotel at 8 p.m. sharp on Wednesday, April 12. We expect to have two members of the International Toastmistress Club in attendance. They will be active part in the program.

The next meeting of April 19 will be again chaired by Irene Morrison, Madeline Knapton, Neil Powell, Marion Colman, Julie Hancock, Bertha Kier and Doris Becker, with Mrs. Fort as guest.

Gladys Tapp and Pat Harvey are one of the cast for CMO-TV's Country Showdown who are in demand to entertain guests at the CMO-TV's Country Showdown. They will be in demand to entertain guests at the CMO-TV's Country Showdown. They will be in demand to entertain guests at the CMO-TV's Country Showdown.

W1 To Sponsor Cancer Films

The Fort Saskatchewan W1 will sponsor a showing of the later film on cancer and a report of the greatest battle to date against cancer, at a meeting to be held at the Fort Saskatchewan Community Hall, on Friday, April 14 at 8 p.m. The public is cordially invited to attend this meeting of the Canadian Cancer Society.

Golf Clubhouse Opens This Week

The Fort Saskatchewan Golf and Country Club announces that the clubhouse will be opening on April 8.

It is expected that golfing will increase shortly, weather permitting. The greens are in the condition following the winter and it is hoped that this will be a banner year for the club.

BREADS IN THE KITCHEN

The going is pretty tight on the new hot bread person, he it is, who's a child or even a half-brother, who is as active as a bee, who knows, who asks me, "Did you ever make bread?"

Some school teachers have a nice touch, and good bread to them. But English teachers are not among them.

English teachers have the same sort of holiday: a tea driver would have it if he were given a week of free time to make bread.

When the holidays begin, I have examination papers to mark, which is a lot of work. I have also a lot of work to do in the kitchen. I have a lot of work to do in the kitchen. I have a lot of work to do in the kitchen.

My compatriot, it's part of the job. But things were a little more complicated this year. The women of the house came down with the flu, as the "holiday" began.

The result was that, instead of sitting quiet in my study, and marking examination papers, I had to do a lot of work in the kitchen. I had to do a lot of work in the kitchen. I had to do a lot of work in the kitchen.

Results of turning the old man into a bread maker for a few days was interesting. My wife has almost decided to become a permanent bread maker. My wife has almost decided to become a permanent bread maker.

The Old lady was feeling terrible with the flu, but there days she was much more with her appearance. She was much more with her appearance. She was much more with her appearance.

Unbelievable furniture is largely bought on faith. In fact, a furniture salesman in a large department store and expensive heavy rarely even require that his customers.

The kids were a bit shaken by some of my anecdotes. Perhaps the most successful was the lasagna dinner, a case of lasagna — yes, noodles in tomato and meat sauce, dinner in oven for ten minutes.

After layer of meat sauce, layer of cheese sauce, layer of thin-sliced lasagna, layer of onion rings, layer of hard cheese. Bake in oven.

A QUARTER-CENTURY OF EAST-WEST AIR SERVICE

Passenger disembarking from a 131-passenger Trans-Canada Air Lines Douglas DC-6 jetliner in the flight from Vancouver to Montreal. The aircraft was the first of the new 131-passenger Lockheed L-1049 jetliner in 1939 after a 16-hour flight from the West Coast. On April 1, TCA celebrated 25 years of cross-Canada air service between Vancouver and Montreal.

American agriculture is looking on its foundations because an unusual number of farmers are moving to town, says an editor.

Another well-known writer in the field is of the opinion that the end of a world famine which must be cured or civilization will be Official Evaluation.

But the secretary of agriculture says the greatly accelerated movement of farmers and especially farmers from the farms to the cities and industrial centers is one of the hopeful signs.

The secretary of agriculture says Wallace, and the editors' statements were made in 1923.

Check Your Heating System NOW

1. CHECK YOUR FILTERS:
Furnace filters should be checked or replaced at this time of year. This can be a "do-it-yourself" job for the average home owner. If you prefer, call your heating contractor, plumber or furnace serviceman.

2. CHECK YOUR CHIMNEY:
Loose mortar, soot, and other debris may have accumulated in the chimney. If the products of combustion (check this if you have recently converted to gas).

3. CHECK ALL VENTING PIPES:
Carry out this check at least twice a year. The pipes may have slipped out of the chimney or they may extend too far into the chimney, thus blocking the end of the vent pipe. They may also have pulled away from the furnace or other appliance. Badly corroded pipes should be replaced.

4. DON'T MISUSE GAS APPLIANCES:
Do not use a gas range to heat a room. Use a proper heater designed for this purpose.

5. BE ALERT TO THE DANGER SIGNALS:
Smarting of the eyes, nose irritation and unpleasant odors are indications of fumes in your home. All appliances must be vented to the outside atmosphere, such as refrigerators, dryers, and ranges approved for use without venting.

6. DON'T TAMPER WITH GAS APPLIANCES:
Don't tamper with gas appliances. Don't alter or install gas appliances or piping yourself call a qualified plumber or heating contractor, or your Gas Company serviceman.

LEAVE YOUR FURNACE PILOT LIGHT ON
• Reduces chance of rust
• Helps keep basement moisture-free
• Keeps furnace ready for unseasonal cold snaps

Your home heating system has been working hard all winter. Spring is the time to make certain everything is "ship-shape" for the months ahead.

SUGAR and SPICE

By Bill Smiley

BRIGHT IN THE EYE

If you ever desire to do some rearranging on the lower forms of life, just get yourself a black eye.

I had a doosier recently, my wife gave it to me. All right. Not a big deal. She was sitting in the car, waiting for me to carry the groceries into the house, through the rain. Just as I bent and reached for the car door to open it and ask her if that was all, she opened it smartly from the inside to ask me why I hadn't brought out an umbrella.

When the door closed me in the eye, I thought I was a goner. My wife shrieked and ran straight into the house to see whether my "case of limbo or shyness" accident policy was paid up.

Within a few minutes, the eye was the size and color of a bartender's beer. But by the time we'd finished arguing about whose fault it had been, it was obvious that I'd live.

We didn't have a piece of steak, and it wasn't had. I doubt that it would have been sacrificed. But the Old Girl, bless her, dug out some hamburger that was going a bit blue, and made me lie down with a big hamburger poultice on the injured optic.

Right off the bat, it felt pretty good at first and I dropped off to sleep, moaning but brave. During the night, the bandages worked loose, and when I woke in the dark, I thought the eye had fallen out. But it was only hamburger, all over the pillow.

Next morning, the doc looked like a purple golf ball. We matched it up as best we could, and I set off to face the wife.

The comments were hilarious.

They ranged from the simple, dry brilliance of "How hitcha?" and "Purges to duck, eh?" to the coy, insinuating, "I knew she'd catch up with ya some day." They ran the scintillating gamut from the inevitable, "I suppose ya ran into a door" to the laughably humorous, "Meet the former writer-writer champ of the Bantley household."

I came back with some real fun for myself. My wife I replied, "I suppose ya ran into a door." I admitted, "You see the other eye?" I supposed I can go along with "She's as well as the next bird."

But after a while in fact I'm not so sure, it was just after the "forty-third How hitcha?" I began shaking a little sore. I mean, fun's fun, you know, but after all... So, when the next joker made his move, I told him, dolefully, that a maiden lady who didn't like my column had thrown acid in my face and that I'd never have the sight of it again. He turned green.

My next customer was a woman, who uttered, "That'll teach you to write things about your wife in that column of yours." I gave her a gentle, and look from my good eye and suggested that she also not let the divorce alternate her from my wife I left her with her mouth open.

I quickly diagnosed of an elderly lady, strong in the temperance movement, by informing her the injury had been received from my young daughter, when she elbowed me on the eye with a half-empty whiskey bottle. It's good sport. Next time the old trouble-and- strife things come on you, Jack, you'll know what to do.

JOSEPHBURG DISTRICT NEWS

Mrs. Leon Krebs left for Princeton, Ont., to visit with her brother-in-

law, Mr. and Mrs. August Kuehnle, whom she hasn't seen for over 21 years. Mrs. Krebs smiled with friends, Mr. and Mrs. Wm. Schimp as far as Grenfell, Sask., where she will remain a few days with another sister, Mrs. Elsie Schimp and Mr. Schimp, before she returns east.

Congratulations are extended to Mr. and Mrs. Herbert Brown who were married 25 years ago on April 18. Mr. and Mrs. Brown have a family of five sons and three daughters.

At the Sunday morning service in the Josephburg United Church of Christ, E. and R., Nadine Lynn, daughter of Mr. and Mrs. Norman Smith, received the sacrament of baptism administered by Rev. W. E. Frey. The sermon text was taken from St. Luke 5:4, and the junior choir rendered an anthem. A bouquet of pink carnations and white mums adorned the sanctuary and were given by Mr. and Mrs. Norman Smith. Mr. and Mrs. Smith entertained at a dinner in their home in honor of the occasion.

Special meetings were held each night last week at the Josephburg Church of God, with Rev. L. Chubb of Edmonton as the evangelist. Members of other congregations joined in the worship and special singing of the services. Rev. B. Titterton of the Fort Saskatchewan Church of the Nazarene was guest speaker for Sunday night, April 12. Then Rev. Hugh Walkow of Jasper Place addressed the congregation Sunday afternoon, April 19. This week of fellowship was much enjoyed and appreciated by those attending.

Mrs. Bernard Haines of Round Hill and Mrs. Norman Haines of Poreburg recently visited with

their brother, Mr. Melvin Coleman and family.

Mr. and Mrs. Walter Crampton and Laverne Crampton of Port Colborne, Ont., spent the weekend with their uncle and aunt, Mr. and Mrs. Earl Crampton, while enroute to Red Lake.

Mr. and Mrs. Norman Dahl and Janet spent the weekend at Red Deer with Mr. and Mrs. Herb Wright and family.

Mr. and Mrs. Ad. Berg of Edmonton were Sunday dinner guests of the latter's brother-in-law and sister, Mr. and Mrs. Albert Moser.

Two Ontario Hog Producers Visit Here; Address Hog Marketing Meetings

Recently, two Ontario hog farmers visited the province of Alberta, and that is, the Ontario Hog Producers' Marketing Board, and Gary Curtis from London, Ontario, chairman and vice-chairman respectively of the Ontario Hog Producers' Marketing Board, spoke at a series of meetings arranged by the Alberta Hog Marketing Committee. Purpose of the visit was to give Alberta hog producers a chance to hear firsthand about the operations of the Ontario Board.

The two Ontario hog men addressed a total of 10 meetings, and met more than 1,000 producers. They were questioned closely on various parts of the Ontario operation. Alberta producers wanted to know whether or not production is controlled in Ontario, whether or not the packing plants are getting into the business of hog production, and whether or not Ontario producers were dissatisfied with their board.

In each case, the answer was "no." Commenting on the series of meetings he had attended, mostly in Southern Alberta, Mr. Curtis said that he had found great interest in the marketing board idea.

Mr. Davidson agreed he pointed out to Mr. Curtis that he was not at Alberta at the request of the hog marketing committee, a joint body of the PMA and AFA, to explain the operation of the Ontario board. He said that after seeing several marketing conditions here in Alberta, he was reminded of 10 years ago in Ontario, before the board was established, and marketing problems were solved.

Mr. Davidson traveled through Northern Alberta. Large turnouts at his meetings impressed him with the interest there in the subject of hog marketing boards.

Both men agreed that the same principle involved in the setting up

of the Ontario board was to have a survey of the type, which has depended almost completely on volunteer effort. All of the 27 or more interviewers were volunteers.

Dr. Decker says that the survey has received national co-operation, all times.

Aim of the survey is to discover attitudes and needs of Alberta farms families. It is expected that Project Discovery will be completed early next fall.

Total spending by all governments in Canada rose from 38 per cent of the country's gross national product in 1950 to 55 per cent in 1953.

Child Safety Day Set For May 3rd

W. R. Austin, president of the National Safety League of Canada, has announced that Canada's National Child Safety Day will be observed from coast to coast on Sunday, May 3. The league has received assistance of provincial and community safety groups for child service organizations and many other groups in making this event a success.

Mr. Austin pointed out that child safety day would be a one-day activity to emphasize the vital need for constant attention to the safety of children every day of the year 1964, and all others stopping in to bring about this nation-wide awareness.

Mr. Austin said, "and the aid of everyone to lead young Canadians safely through the daily perils of road, home, school and play." He declared that the great responsibility lay with the parents.

"They must not only guide and teach the children," he said, "but they must also lead all adults in the protection of the young."

Heed The Label

To get the most out of your herbicide investment, read and heed all label directions, advises W. Lobley, supervisor of soils and weed control with the Alberta department of agriculture.

Read the directions. Herbicides will do a good job if they are used for the purpose intended and according to directions.

Every herbicide contains a label with directions and recommendations for the effective and safe use of the product. Farmers must be familiar with those before they use the chemicals. Often a difficulty may be traced to the improper use or misuse of the material.

Following is a list of the key points which the Pest Control Pesticides Act states must be on every herbicide label which all herbicides are required to have.

1. The name of the manufacturer and what the chemical is designed to accomplish.

2. Directions for use — how to apply the material, precautions to be taken for the crop and the weeds controlled.

3. The active ingredient(s) in the

herbicide.

4. Recommendations for application and the timing of application. The rate to be used and other special remarks.

5. Storage instructions to be observed.

6. Personal precautions to be taken.

Time of Use

As Mr. Lobley points out, it only takes four or five minutes to read the label thoroughly has three four or five minutes are important. They may make the difference between success or failure in the ultimate results.

Herbicide

Seed treatment is the main line of defence on the prairie against weeds, or stubble and of wheat.

The destructive disease, once a major threat to wheat crops, is now an effectively controlled that damage is negligible, observes Dr. B. J. Sullivan, of Canada department of agriculture's research stations.

The following

led to Saskatchewan, although

only traces of the disease have been found since 1944, past experience has shown that control measures cannot be relaxed without serious and rapid increases in crop losses says the plant pathologist.

Leslie Oure staggered shortly before the turn of the century and when statistics were somewhat lacking, losses from rust were described as "common" with the grain on many farms as smutty as to be quite considerable.

Later, improved control methods coupled with more precise data, resulted in losses between 1933 and 1940 averaging only two to three bushels out of every 10,000 bushels.

Period of Outbreak

But in the period 1942 to 1943 the incidence of the disease increased ten-fold. This was due to a variety of factors.

1. A storage instructions to be observed.

2. Personal precautions to be taken.

3. The active ingredient(s) in the

herbicide.

4. Recommendations for application and the timing of application.

5. Storage instructions to be observed.

values decline to pre-war levels, and since 1941 only traces of the disease have been found.

Central Pays Out

The latest and effective control of rust was used over the past nine years, a survey that is underway.

Use of resistant varieties like Ballerina has helped curb the damage.

Some older varieties like Marquis were moderately resistant to rust and used with heavy fungicide.

It is not the case that the disease has been introduced to the province.

Potential Danger

But because more than 50 per cent of today's wheat acreage is still needed to susceptible varieties, rust is potentially as dangerous as it ever was in the past.

Ardrosson Ladies Wind Up Season

The ladies of the Ardrosson Curling Club wound up the season with a banquet and luncheon. Two men participated and all were duly seated in newly laid.

John Olson, Brews Oudette, Nova Daly and Eva Williams took home the grand challenge prize.

The annual meeting was held on April 14. The following officers were elected: Edna Marter, president; Margaret Scholer, vice-president; and Cora Williams, secretary. Eva Williams was elected treasurer.

Other officers are: Jean Olson, social convener; Janet Marter, afternoon curling; Audrey Higney, convener; Vivian Oudette, secretary; and Edna Williams, social convener.

Next year's banquet will be in the form of a boat feed.

All fathers and sons are urged to attend. Tickets available to boys at 50¢ per family; this comes cheaper by the dozen!

Nuts And Bolts To Be Segregated

If you think unused packages of nuts and bolts, then sell only the nuts and find yourself with a lot of inventory of bolts, or sell a lot of nuts and have a stockroom full of nuts you don't have to say "nuts" any more.

This comes from The Financial Post which reports that the Canadian Patents Institute, an association of 12 leading Canadian manufacturers of nuts, bolts, or screws, has issued a bulletin.

The bulletin states that nuts and bolts are packaged separately from 1954 on.

Following is a list of the nuts and bolts that are to be segregated from 1954 on: 1/2 inch, 3/4 inch, 1 inch, 1 1/4 inch, 1 1/2 inch, 2 inch, 2 1/2 inch, 3 inch, 3 1/2 inch, 4 inch, 4 1/2 inch, 5 By Bill Smiley

IT WOULD BE
HEAVENLY! . . .

What would you like to find, most, when you go to heaven? Let's assume, for one wild, exhilarated moment, that we're all going to get there.

Some people would plump for a meeting with loved ones. This I can never understand. It's like a fellow who has served a life sentence waiting to be greeted by the warden when he hits the penitentiary.

Others, and adults, would be overjoyed if they could "just be happy." Not me. Being happy all the time would be a real drag. I thoroughly enjoy being miserable on this earth so that when something good happens, my pleasure is intensified.

Quite a few, who suffer from physical ailments, would be satisfied with peace and comfort. The cosmic imagines days and nights of solid slumber. The arthritic dreams of being able to scratch his opposite ear without feeling as though his arm was being severed at the shoulder by a red-hot iron.

Flat-chested girls would settle for a mammoth bosom. They forget that none of the rest of us would be interested.

Some chaps I know would be perfectly happy to have anytime if they could count on a golf course with emerald fairways and velvet green holes. It holds a day that they sliced net, nor did they boot, and a good game of poker at the club, with the bar handy.

Many other claims I know would be happy in heaven for ever afterwards. If they could be guaranteed (and yet it is written) that their wives (or husbands) would be in the other plane, permanently.

Alcoholics would not only be in heaven, but the servants of the same name, if they craved rascals over, perpetually, and somebody else was looking after things.

A few millionaires, once they had admitted they couldn't take it with them, would be serene in a place where there were no taxes, no labor movements, no wages to pay, and nobody asking them to donate to something every twelve minutes.

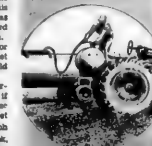

My personal fantasy is a simple one. I'd go like a shot if someone would print me, unconditionally a dark, writhing trout stream, impregnable to invasion by women, telephones and other nuisances.

I can see it now. Bright, deep, crooked, ending in a vast, silent, shimmering heaven pond, loaded with lilies. I can hear it: the soothing murmur of a small dam just around the bend; the splash of a startled

frog, the sudden, heart-stopping tear-off of a duckling perched on the willow of a beaver tail.

However, since my opinions of getting to heaven are just about as much as my chances of a permanent "rock across" if I did get there, I guess I'll wait on Earth Day, for my old haunts, the Secret Place Where The Rag Ones Are Not a soul knows about it, except me. And the 800 noisy characters who have heard about it since last year.

Heaven, thou art distant, yet, . . .

ANHYDROUS
AMMONIA
Fertilizer...
32% Nitrogen

Anhydrous ammonia fits into the modern way of farming. The heavy work is done mechanically. Ammonia flows under its own pressure into the applicator tank. This tractor-operated equipment quickly and easily applies the ammonia below the surface of the soil level. The diffusion pattern of ammonia makes maximum use of available soil moisture. A healthy, deep root system is encouraged. Nitrogen is easily assimilated by the plant. And the fertilizer is kept below the ground level of weed seed.

Anhydrous ammonia provides the most savings per dollar of any fertilizer and has many other advantages, when used as part of a balanced fertilizer program. Get the full facts . . .

National Child Safety
Observed On May 3rd

The nationwide safety of children was the subject of a national day of observance (May 3rd) observed on (Sunday) May 3. The annual observance campaign which originated in Saskatchewan, will be held in all provinces and territories across Canada by the National Safety Council of Canada and the Canadian Highway Safety Council.

The Canadian Highway Safety Council and the National Safety Council of Canada urge as many parents and parents as possible to take an active part in this child safety campaign.

Accidents occur around the house and most of them are avoidable. A national review of child fatalities shows that in the age group 1-14 years, accidents take more lives than the four leading causes combined. From age 15 to 24 accidents take more lives than all other causes combined.

The Canadian Highway Safety Council and the National Safety Council of Canada urge as many parents and parents as possible to take an active part in this child safety campaign.

"Very dependable—natural gas service is always there when you need it"

"Whatever the weather, we always have all the gas we require—and I don't think we've ever had an interruption in service at our house."

It means a lot to know that natural gas is on tap whenever it is required. It takes the combined skills and effort of more than 800 Gas Company employees to provide that dependability. Long-range planning insures sufficient gas to meet all future requirements, and day-to-day efficient operation is your guarantee of the best possible gas service at the lowest possible cost. **ALBERTA GAS COMPANY LIMITED**

When The Pattern Won't Fit The Material...

The hum of the sewing machine indicates that a good many spring outfits are under way in homes around the area. Before that sewing machine is put into gear have you ever been frustrated by "the pattern that won't fit the cloth"? When there is a definite shortage of fabric, never cut off grain because proper grain line controls the style and the fit of the garment. Consider one of the following alterations:

—Buy more fabric, an obvious solution, if available. Will it be worth the cost and the time of a trip to the store? If so, which never should be saved for the new fabric so that the least yardage is necessary?

—Cut some pieces crosswise or bias. Will this produce a satisfactory design? Will it wear as well? Yokes and bands often appear better crosswise but sleeves seldom do.

—Press certain sections. Pressing should be done on the grain line and with the design matched. Linings and facings may be placed but the pressing seam may make an imprint on the right side when ironed.

—Shorten pieces. Check the pat-

Aid Of Farmers Sought In Hunt For Meteorites

OTTAWA — With spring in the air and seeding operations getting under way, the Geological Survey of Canada, a branch of the department of mines and technical surveys, is asking Canada's farmers and rural residents to help in the hunt for meteorites.

Because much of their time is spent working the land, farmers are the most likely persons to find the meteorites.

Early this year a Sheshegan school farmer was paid \$1,000 by the Geological Survey for a rare 25-pound iron-type meteorite found by him on his land. Mr. G. Reberger had written to the department for a copy of the pamphlet "How to Identify Meteorites" and from the descriptions and photos in it he believed he had a meteorite. This was confirmed by experts, and the pattern again on yourself to use if this is possible. Do not leave too skimpy a hem.

—Narrow some pieces. Gathered sections may be made less full sometimes one entire section (as be omitted). Skirts may have some fabric removed. Pleats may be narrowed or entirely omitted.

—Supplement the material. Use other material for facings, trimmings or parts such as yokes, collars, bands or pockets.

—Save on the seams. Use less seam allowance on such pieces as belts, bands and ruffles but not on collars.

—And last of all, if all else fails, abandon the project. Use another style of pattern entirely or use the material for another article.

How the Work

Not all meteorites are the valuable. The price per pound varies from \$4 to \$300 depending on rarity, size, whether intact or broken up and other factors.

Meteorites contain nothing that can be recovered and sold for profit. They are purely specimens for scientific study, their value being the information derived from them. Scientists may determine, for example, information about the age of the solar system, the history of the solar system, the relative abundance of elements in the solar system as high as to mean death to the space traveler but help solve the re-entry problems of space vehicles.

An illustrated booklet on identifying meteorites is available free from the Geological Survey of Canada. Ottawa. The booklet is printed in both English and French. In non-scientific language it describes the appearance and characteristics of meteorites and with photographs shows three types of meteorites as well as rocks and other objects commonly mistaken for meteorites.

Anyone finding what he believes to be a meteorite is urged to report immediately to the Associate Committee on Meteorites of the National Research Council, Ottawa. Specimens may be sent to the Geological Survey of Canada or to the nearest university for identification.

ANNUAL CLEAN-UP WEEK

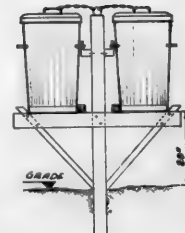

MAY 11TH TO 16TH

The Town of Fort Saskatchewan scavenging by-law requires that every householder provide one or more garbage cans complete with stand. Six percent of the residents do not have approved cans and twelve percent do not have a stand of any kind. The type of stand shown on the left may be incorporated in the fence, or where no fence is present, the post type on the right has been most successful. No matter what type is used be sure the lid is secured to the post or fence by a light chain.

We sincerely hope that every resident will, during "CLEAN-UP WEEK," make an honest effort to really clean up their property, and provide the cans and stands as shown above.

Swim Team
A new coach and a new season is the situation that faces the swim team. However the few boys who were left behind in the swim team are looking forward to this summer's activities with much enthusiasm.

The coaching duties of the club will be under the capable hands of Lorraine Ashmun, who will serve under an instruction in this community. Lorraine is an experienced competitive swimmer and has been coaching the swim team for many years.

The club has been looking for members to start the season and all swimmers who are interested will be invited to join.

Gymnastics
The last three sessions of the Gymnastics Club will be spent in the competition to determine the winners in their divisions.

Chances will be carried on at the usual time with an entrance and return on period, according to the

Market Developm't Group Formed Here

TORONTO - Increased market development work will be undertaken by Sherbrooke Gordon Mines Ltd., Toronto, to develop wider markets and new applications for fibreglass resin and sand.

According to Alan H. Gault, director of marketing, this work will be a marketing division function and requires the importance of close co-operation with the development division of present and prospective customers.

Several of the teams have been selected, these being the five Fibreglass and Laminates teams.

It was decided at last Monday's meeting that a few general provisions be laid before choosing

Assemblages as to products will be made at about.

Steve W. O'Brien has been appointed assistant manager, material sales, and will assume some of Mr. Power's responsibilities in direct sales while continuing to call on the British divisions of metal companies.

POOL AGENTS DEFENDERS DIVIDED

Local agents are divided among the \$12,000,000 (percentage) divisional agreement which was made by the British Columbia Pool Association.

This divisional agreement by Pool Association is the last meeting of the pool agents to be held in the divisional in the 1963-64 season. As in past years, part of the divisional is in cash and part is in reserve.

When Pool agents are now divided into three groups covering the cash 1963 to over \$10,000,000.

Self-Adhesive
Decorative Plastics
For only a dollar or so you can

really smarten up your kitchen with the new decorative plastic film products on the market. These self-adhesive materials will stick to any & every surface providing it is clean, dry, smooth and flat. They are wonderful for covering: cabinet tops, table tops, shelves, walls, counters, trays, garbage cans and even cook books. Chipboard, cardboard, party trays and old garbage cans will look like new when covered with plastic film and of course you can have them all subjected to color.

There are over 100 designs to choose from in these self-adhesive plastics. They are ideal for putting on the wall behind the kitchen sink

because some of the patterns match your counter top materials. It takes only a matter of minutes and a little care to apply self-adhesive plastics which are waterproof, washable and stain resistant. None of the products, tested as far as we know, is marked by pots of boiling water. Self-adhesive plastics can be used in different weights, depending upon the use they are intended for. It is wise to buy heavier plastic for areas such as counters and tables which are usually subjected to heavier wear.

Generally speaking, it is best to keep plastic film in a light roll using it out and smoothing it down as it is applied. The principle is

rather like that of a band-aid. You peel off the heavy paper backing exposing the adhesive material, and smooth the plastic over the area to be covered. Most self-adhesive plastics are sold in 16-inch rolls and cost between 49 and 50 cents a running yard. Although these products are mostly used for decorating purposes, research studies have shown that they stand up well under hard wear and that they do not peel off when subjected to a high relative humidity as is often the case behind a kitchen stove.

Self-adhesive plastic is a unique product which can provide variety

in kitchens and bathrooms. It is also fun to use. Plastic film can be bought at most drug and department stores under such names as: Contact, Plast-O-Crete, etc.

In recognition of Good Citizenship

through active participation in the ALBERTA JUNIOR CITIZEN OF THE YEAR PROGRAM, having been instrumental in discovering and nominating an ALBERTA JUNIOR CITIZEN AWARD WINNER for the year 1962 or 1963.

CALGARY POWER LTD.
Proud of our Alberta Heritage

Holders of this certificate have every right to be proud of themselves. They are people who have helped worthy young citizens to obtain the public recognition they deserve. Wouldn't YOU be proud to hang a nominator's certificate like this on your wall?

The chances are that you know a boy or girl in your area who deserves the CALGARY POWER JUNIOR CITIZEN OF THE YEAR AWARD. Then don't hesitate, nominate! It's as easy as this:

HOW TO NOMINATE A JUNIOR CITIZEN: Tell the editor of this newspaper, by phone or letter, about the young person between 6 and 16 years who you feel should receive a 1964 award. Any preliminary act or conduct since September 1963 will qualify the youngster you decide to nominate.

These awards are sponsored by Calgary Power Ltd. with the cooperation of Alberta's weekly newspapers.

Weekly Livestock Report

Following is the weekly report of the Edmonton Stockyards for the week ending May 8, 1964.

Receipts, Cattle 3,280, sheep 269, pigs 3,708, sheep 78.

Summary
Light receipts again characterized this week's cattle market at the Edmonton Stockyards. Butcher's medium to good classes of two and three year olds, mostly yearlings, were the mainstay of the week's offerings. These were predominantly source butchers, better sales were plentiful but less were scarce. The butcher's trade was rather unsteady, but quality considered, the week's sales were on a steady basis. Butcher's sales were good, the replacement trade saw some action, but no doubt, owing to heavy rain and road bans. Good yearling sales and feeder sales and generally from \$10 to \$140 each. Good yearlings weighing from 600 to 800 lbs. brought \$140 to \$145 each.

Best Cowsling Sales
Cattle: Choice steers, 23.50 to 28.00, good 18.00 to 22.00, medium 14.00 to 20.00. Choice heifers 20.00 to 25.00, medium to good 15.00 to 20.00, common 10.00 to 17.00. Good 14.00 to 18.00, medium 10.00 to 14.00, common 8.00 to 12.00. Choice steers 11.0 to 13.00, medium 8.00 to 11.00, common 6.00 to 10.00.

Replacements: Good stock and feeder steers 20.00 to 25.00, common to medium 17.00 to 20.00. Yearling steers 17.00 to 20.00.

Calves: Good to choice veal calves 27.00 to 30.00, common to medium calves 18.00 to 24.00.

Sheep and Sheep: Market high, low price range with Grade 1 and 2 sheep opening Monday at 30.00 and closing at 31.00. Medium weight sheep sold from 11.00 to 13.00, ewes sold from 11.00 to 13.00, ewes sold from 11.00 to 13.00.

There were no choice butcher lambs sold. Common butchers veal rail grade. One lot of butchers veal rail grade sold at 16.00, one 16.00 and better lambs sold at 16.00.

All men are created equal—and created with their creative with an insatiable urge to become scientists.

Healthy Swine

Experience through the Alberta Certified Swine Breeders' Program and Specific Pathogen Free (SPF) is proving that disease prevention on a herd basis is paying real dividends.

Dr. R. S. Haldy, Director of Agriculture, Alberta's Veterinary Services Branch reports that several federal universities are now conducting research on national diseases, parasitic, viral, bacterial and fungal diseases, which are the most common in swine.

Dr. Haldy says that the importance of health in both purebred and commercial swine is becoming more and more apparent.

At the 1963 National Pig Show, 24 swine from the province were awarded the Distinguished Breeder Award for approximately 20 per cent more than the total sale average.

This again is proof that swine breeders are becoming more aware of the importance of health in both purebred and commercial swine.

According to the Dominion Bureau of Statistics, 76 per cent of swine deaths occur before weaning and 25 per cent between weaning and market.

In addition to actual deaths, many other animals show low rates of gain because of diseases brought on by poor nutrition, parasitic viruses, etc.

Every year the Alberta Veterinary Services Branch cross-checks the most swine diseases under three categories to find out which are responsible for the highest economic losses.

The first category contains diseases between 2,000 and 3,000 specimens which are examined annually by the Laboratory. The second category lists the diseases responsible for 6,000 to 7,000 specimens each year.

Since neither the quick dip nor the paint preservative parasite spray is the best preservative for the wood of the cradle in the wood it is left the diseases responsible for 6,000 to 7,000 specimens each year.

When fence posts or lumber are treated on the farm, the cured wood should be soaked for at least 48 hours in a solution of pentachlorophenol, copper naphthenate or other oil based preservatives. Night hours is the minimum time it takes for the solution to penetrate sufficiently.

Details information on the pentachlorophenol and other methods of treating wood.

Two Canadians On African Safari

Two Canadians left Montreal by air May 30 on the dream hunt of a life time, an African safari for lions and leopards, two of the most sought after of Africa's big game.

Mr. and Mrs. John H. Haldy, who won the trip for two in C.I.A. African Safari Contest, and his sister, companion John J. Haldy, both of Sherbrooke, Que., will hunt for lions and leopards in Kenya, East Africa.

Mr. Haldy reports from Kenya that the safari is a great success, getting lion and leopard skins and a variety of getting lions.

The Board of School Trustees of Port Saskatchewan Christian held their annual election on May 26. The board now consists of:

Harvey Mohr, chairman; O. A. Oshier, secretary; and Mrs. Margaret Armstrong, Mrs. Oshier, Mrs. W. H. Haldy, Mrs. Haldy, and Rev. Peter Haldy.

These groups that wish to use the school classrooms and auditoriums are reminded that applications must be made on a yearly basis and in writing. They may be mailed to any board member or handed to Mr. W. H. Haldy, who has agreed to serve as contact for the users of Port Saskatchewan.

Interest from posts is contained in a pamphlet entitled "Postage Prepayment." It can be obtained from any District Agricultural Office.

At about 1000, the quick dip and paint preservative methods of treatment are most satisfactory.

J. L. Reid, Extension Engineer in the Alberta Department of Agriculture, reports he has come across several places in the province where fence posts and lumber, treated by one of the above methods, are being offered for sale.

Since neither the quick dip nor the paint preservative parasite spray is the best preservative for the wood of the cradle in the wood it is left the diseases responsible for 6,000 to 7,000 specimens each year.

When fence posts or lumber are treated on the farm, the cured wood should be soaked for at least 48 hours in a solution of pentachlorophenol, copper naphthenate or other oil based preservatives. Night hours is the minimum time it takes for the solution to penetrate sufficiently.

50 Bed Hospital To Be Constructed Soon

It has been announced by health minister Dr. J. Donavan Ross that a 50-bed hospital unit will be constructed near Fort Saskatchewan to serve the Port Saskatchewan General Hospital District No. 10. An area of 250 square miles will be served by the hospital.

Members of the initial board include Mr. T. Haddock, John Ferguson and Mrs. P. Macdonald for Ward 1, 2 and 3 to Port Saskatchewan. Mr. W. E. Smith for Ward 4 for the County of Strathcona, and John Ferguson for Ward 5 for the County of Strathcona.

Construction of the 50-bed hospital is to be proceeded with as soon as possible. Port Saskatchewan and will probably be located in the west end.

It is possible that construction will commence late this year. Construction cost is estimated at about \$750,000, plus the cost of all equipment necessary for the unit.

Sea Cadets Leave For Camp

The winning captain was Jerry Currie who went the distance, giving three runs on an excellent hit.

Polishing the parade, race teams and old boys, basketball, soccer, and other sports were on display. The exhibit consisted of very impressive wood carvings made by a local resident, which included a display and some very fine decorative display for the exhibit.

A meeting of the Port Saskatchewan 4-H Beef Club was held at the home of Mr. and Mrs. J. Alton on June 1. Dorothy Edwards left with the 4-H pledge.

It was decided that the prize would be given to the Achievement 174 on July 1.

Prize will be awarded to the member number and to the member sponsoring the longest at the beginning of next year.

Speeches were given by Dorothy Edwards on cattle disease, Ben Simon on showmanship, Wayne Myers on dairy breeds of cattle. Mr. Simon commented on showmanship.

Achievement Day for the Port Saskatchewan 4-H Beef Club will be held at the Midwestern Exhibition grounds on July 9, starting at 3 p.m. The sale of all calves will be on July 10.

Mrs. Myers served a delicious lunch at the home of the meeting.

The Commercial Department and Offices will remain open to accept orders and emergency requirements. Publication of THE RECORD will resume on August 5th.

3 Men Named to Centennial Positions

The Provincial Secretary, the Honorable Andrew Wilson, has announced three appointments in connection with the observance of Canada's centennial in 1967.

Mr. R. D. McLean, Director of Public Relations for the Province of Alberta, has been named Director of Centennial Programs for the Government of Alberta, while D. A. (Dick) Bennett and K. E. (Bud) Abel have been appointed Provincial Centennial Officers.

Mr. Bennett is a native of Viking, Alberta, and has been well-known in the Edmonton area for about 20 years while engaged in radio, television, and promotional work. He

was the first Canadian newsmen to travel beyond the front curtain, and has been named Director of the North West Trade Fair in Alberta, Canada, and to provide liaison between Centennial organizations throughout the Province, and the Provincial Government. When required, they will make visits to municipalities to assist the local centennial organizations, which, in turn, will make all applications for recognition of projects must be received on or before December 31, 1966, but no doubt already been established.

Mr. Bennett will assist municipalities in the northern part of the province, while Mr. Abel will serve the area south of Edmonton.

Crumpled tissue paper or even folded or rolled balls of tissue will prevent them from creating stuff messes in the shirt collar. But, this serves open as well as wrinkles. Use the corners of your bag or little things such as an extra pair of gloves, a scarf or tie, handkerchiefs, or a loosely rolled sweater. Outside is also it's really into corners. But it's easy to fashion little caps with adhesive tape so they won't leak. For extra insurance, use a plastic bag at least things in plastic bags. These bags are also good for putting your shoes in your trunk, or even while setting your car which items are visible, reduce loss in pockets and drawers. When packing clothes, try to use tissue paper. This will make folding easier and prevent wrinkles. Pack your bags so tightly and use as much as possible after you arrive at your destination. It is wise to keep your packing list before you when beginning to pack or re-pack. In this way you can just down additional articles brought, plus the original things you brought. Only those things you know nothing has been in your trunk.

Summer time means holiday time to thousands of people. Do you usually pack from a suitcase when you really need it (or that you don't need it)?

Packing Tips:
Whether you're packing to travel, or to a vacation, or to a summer camp, have the right things with you and make your vacation more pleasant.

There you put a single thing in your suitcase, make a list of every thing you plan to take, including small items. Remember there is a something list, one small and cheap, like an overcoat, a shoe, and a pair of socks. Start the list early, and you'll have no trouble

Last Chance For FUA Summer Camp

There is still room for young people to attend the series of P.U. and C.D.A. Then Camp scheduled to start July 5 at the Gold Bay Lake. P.U. Camp runs from 9 a.m. to 5 p.m. and accommodates about 20 people. Those interested should write the Parents' Union and Co-operative Development, as soon as possible. Transportation from central point is being arranged.

One Ten Camp will be held at the Parents' Community Center starting on July 13. Those interested in attending this camp should contact Howard Hildart, Nepton, for more information.

Program of the Ten Camp program is to give young adults an opportunity to live in a community and to observe the part that people and their organizations play in the community. Several activities, including a day of service with the Union of Protestant churches, will also take place. Weed Control Advice

In Western Canada, weed control is one of the most important factors in crop production. By utilizing crops of suitable moisture, and moisture, by watering and drainage, and by herbicide, charring and other methods, weeds can be kept under control.

Particularly, most weeds found in Western Canada can be effectively controlled by following recommendations on cultural and chemical practices. With the present state of knowledge, the use of chemicals will undoubtedly play an ever increasing role in solving the weed problem in Western Canada.

Recommendations
The following suggestions will ensure safe and effective use of chemical weed control practices on the farm. Also your Field Inspector and the Weed Inspectors are willing to advise you on any weed problem you have.

Select the Right Chemical
There are many herbicides but only one is recommended for use on the major chemical for controlling certain weeds. By applying chemicals not recommended for the crop being treated, or by using a chemical for which a safer alternative is available. The first step in any chemical weed control program is to select the proper chemical for the job to be done.

Use of the Right Time
With many herbicides, careful consideration must be given to growth stage or some other suitable factor for proper application. For example, Chlorthal or wild oat control should be applied from 4-6 leaf stage not earlier. When using 8-0-D or MCPA it is important to spray just as early as crop growth permits. (Chlorthal should be hand-applied weeds in wheat and oats should be applied during the 5-4 leaf stage. MCPA can be applied 8-0-D or MCPA should be applied during the 5-4 leaf stage of crop. The Only Recommended Method.

Because in control of any weed with the appropriate herbicide depends largely on using the proper dosage. An overdose will result in crop or injurious weed control. An overdose is a needless expense, may result in crop damage or harm chemical residues in the crop or in the soil.

Avoid spray drift to adjoining or near-by areas by using low pressure, large nozzle openings, reduce drift.

Boys' Meeting
The Minor Sports Association will be holding a meeting this Friday evening, August 14 at 7 p.m. in the Recreation Office.

Boys' Meeting
All the boys' football, basketball and athletic coaches are asked to be on attendance as players will be under discussion.

Several other important items are on the agenda, as players' status will be discussed.

Learn-To-Swim Week
This year's "Learn-To-Swim" week is under way. It will have to be a success as an overwhelming success.

Over 200 people will have been registered by the time the fourth and final session gets underway on Aug.

17. This will include last year's previous high total by more than 100 registrants.

With just two weeks left of the summer season, the pool and the sun, naturally, is just around the corner.

The Recreation Board asks your assistance in getting out last year's program. If you have any ideas that would help the board in any way, let us know.

Inland Chemical Plants Expansion

Inland Chemicals Canada Ltd., Fort Saskatchewan, announces a \$100,000 expansion of its sulphuric acid and sulphate facilities. Construction of the new unit, to produce 17,000 tons per year of sulphuric acid, will be completed by the end of 1965.

The addition of sulphuric acid to the plant's production will give it a full line of fertilizers for the agricultural market. Total output of fertilizers will be in the order of 20,000 tons per year from the plant.

Inland Chemicals produce sulphuric acid and aluminum sulphate. With the addition of the new facilities its sulphuric acid capacity will be in excess of 20,000 tons per year.

Most of the acid will be required per year.

Competition!
Competition is in order in the form of swimmers from our Port Arthur Club through their time trials at the "25" Championships of the U. of A. last Wednesday. Kevin Jenkins and Joe Prael were named to the team to represent Port Arthur in the 100 meter freestyle and 100 yd. sprint.

Both did themselves proud as Kevin placed fourth in the 100 meter freestyle and 10th in the 100 yd. sprint. Joe placed sixth in the 100 meter freestyle and 10th in the 100 yd. sprint. Both swimmers were named to the team to represent Port Arthur in the 100 meter freestyle and 100 yd. sprint.

Comrades!
Comrades, as announced earlier, will commence on Thursday September 10 Registration will remain the same as last year, being \$5 per session or \$50 per four-week session.

Registrations will be accepted at the Recreation Office starting Sept. 8 from 4 to 5:30 p.m. daily. Boys and girls wishing to take swimming this year are asked to register as quickly as possible, as only a limited number will be accepted.

Swimming Pool
Due to the cool wet weather of the past few days, the pool has been found to be unsuitable for use.

Public Recreation Centre
Once again the centre of this community will have a chance to decide whether or not our fair lawns deserve to have a multi-level recreation facility, that of a conventional site.

The plans of the centre are for a much broader use than that of the surface and will include multi-level functions and activities that will encompass the majority of the population throughout the year.

The vote has been set for Sept. 11. Let's make the Junior Recreation Centre a reality this year.

10th Regatta
The regatta will get underway shortly after 10 a.m. and will include a variety of races and games.

Phone or Send Us Your News Items

An initiative day has been set for September 14. Watch for the schedule to mail next week.

Senior Dining Avenue?
A suggestion has been put forward to an activity for adult recreation, that being the formation of a square dance club.

Any person interested in such an organization is asked to attend a meeting in the Recreation Office on Wednesday, September 9 at 8 a.m. in the Recreation Office.

Will Come
Five candidates will be allowed to compete in the 100 meter freestyle and 100 yd. sprint.

Midweek Award
The award of the midweek swimmer will be given to the swimmer who has the best time in the 100 meter freestyle and 100 yd. sprint.

Swimming Pool
Due to the cool wet weather of the past few days, the pool has been found to be unsuitable for use.

Ardresson News

Mrs. W. Aldred, Correspondent

Twenty-seven boys of the First Ardresson Scout Troop held their annual summer camp at Port Arthur Camp on Lake Wabigoon August 1 to 9 of the highlights of the camp was a canoe trip down the lake to visit the Calgary Power dam.

The camp of the boys was for a much broader use than that of the surface and will include multi-level functions and activities that will encompass the majority of the population throughout the year.

Junior Forest Wardens Study Wildlife Facts

Members of expanding the increasingly important knowledge of value and use of soil, water, forest and wildlife and the variety of their conservation, has provided formation of a Junior Forest Wardens organization across Canada. This national organization is dedicated to the teaching of proper conservation needs and products to young people. In Alberta, the popular representation is administered by the Forestry Branch of the Alberta Department of Lands and Forests.

Purpose of Junior Forest Wardens is to foster an awareness of conservation methods and related facts. Knowledge gained by the possible means is put to use later through understanding of a wide variety of land projects, including such things as stream clean-up, reforestation and tree planting. Magnitude of such projects is limited only by the imagination of land groups. They may range from a field trip to entire sessions in a program like the one being carried out in the Peace River Forest Wardens at Cranbrook which involves the planting of 10,000 trees.

Twenty Junior Forest Wardens clubs are now active in the province. Each club membership is about 100, an organized active group. This includes about 10 members of the local Forestry Branch, 10 members of the local Forestry Branch, 10 members of the local Forestry Branch, 10 members of the local Forestry Branch.

SUGAR and SPICB

SUMMER WHO NEEDED IT?

When summer is a time, and a time, the hot days are melting away. The hot days are melting away. The hot days are melting away.

Young boys who have had a summer after part with a last summer, desperate promise to write, and a great summer, desperate promise to write, and a great summer.

There is a slightly better, lonely at about the beaches and the resorts and the summer place. They have acquired a certain air of shabbiness that goes with the end of summer.

Canadian feel asleep every year in June. Lulled by the whistled, annual promise of that lush and lovely month, they dream of daisies, roses, pine-scented woods, fun and sun, health and happiness.

And then the dream turns into the reality. The smiling criticism of the July heat wave, when they have

WILL have a double brandy? I suddenly wake up and the Old Lady is shaking my shoulder. The one with the hair in a bun and the glasses. Gemma, a drinka wodka.

summer in this country is an absolute holiday, something to which no serious Canadian would put any more faith than he would in the first dependable tidal, or the first dependable tidal, or the first dependable tidal.

Summer in this country is a fraud, an illusion. Every time I go out in the backyard, on the green grass with the green trees including a circle of blue sky above me, I shake myself and pinch myself and I know it's a dream, and that I tried the same thing three months later, I'd be horrified when I'd find out.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

In fact, I find out that I'm not alone. In fact, I find out that I'm not alone. In fact, I find out that I'm not alone.

OUR ALBERTA HERITAGE
Twelve Foot Dais
The top of a high Peace River hill is an unusual place for a grave. But Twelve Foot Dais, who rests there, was an unusual man. In reality, this early Albertan was hardly five feet tall. He got his nickname in the gold rush, digging a fortune from a tiny twelve foot strip claim. For other prospectors ignored. But that's not how Twelve Foot Dais was one of the first to open a string of trading posts in Alberta. While doing this he proved his strength by trading. This is an example of the spirit and enterprise and generosity he was twelve feet tall, a true pioneer of OUR ALBERTA.

OUR ALBERTA HERITAGE
Twelve Foot Dais
The top of a high Peace River hill is an unusual place for a grave. But Twelve Foot Dais, who rests there, was an unusual man. In reality, this early Albertan was hardly five feet tall. He got his nickname in the gold rush, digging a fortune from a tiny twelve foot strip claim. For other prospectors ignored. But that's not how Twelve Foot Dais was one of the first to open a string of trading posts in Alberta. While doing this he proved his strength by trading. This is an example of the spirit and enterprise and generosity he was twelve feet tall, a true pioneer of OUR ALBERTA.

PARTRIDGE HILL DISTRICT NEWS
Mrs. W. Atwood, Correspondent
We are sorry we cannot name the names of our new legislators at school last week. Alan Adams also started out on a new adventure in the last Monday. Our last school year was a success.

We were pleased to hear Mr. D. J. Clark and Mr. Ken Chalmers take our services last Monday in the absence of Mr. Peter Brown. We extend our sincere sympathy of the district to Mr. Chalmers and family and other relatives in the absence of Mrs. Chalmers and Mrs. Brown. Mrs. Brown is a wonderful neighbor who will be greatly missed.

"THE SWORD IN THE STONE"

Recreation Notes

By Hilary Platt

Pool Club
For results I've never seen so close, the pool has been closed for the 1964 season.

Boys' Basketball
The 1964-65 season meeting held on Tuesday night four coaches appeared.

Another meeting has been called for Tuesday, September 15 and will be held in the Court Room above the Town Office at 8 p.m.

The present standing of the first meeting showed a great deal of enthusiasm for the formation of a local sports club and also that if you are at all interested, even a beginner, please make an attempt to attend the next meeting.

Gymnasium
The Olympic Club is to hold its annual season and will get underway on Tuesday, September 15. Here is the schedule:

Junior Boys (10 yrs. and under) 8:30 to 9:30
Junior Girls (10 yrs. and under) 9:30 to 10:30
Senior Boys (10 to 15) 10:30 to 11:30
Senior Girls (10 to 15) 11:30 to 12:30
"The classes will meet again by held

in the High School Gym.
There are still openings for members, especially in the summer months.

Youngsters wishing to join are asked to register prior to next Tuesday at the Recreation Office.

Keep Fit Classes
Ladies' bridge and men's chess classes will be arranged for a while later this fall. A definite program in this respect will be announced shortly.

Public Recreation Office
Please don't forget to vote on the Recreation Office. Polling station will be open Thursday, September 17. Supporters of this project must realize that a two-thirds majority is needed to make a reality of plans given your support and take your interest on Tuesday, September 15. Here is the schedule:

Junior Boys (10 yrs. and under) 8:30 to 9:30
Junior Girls (10 yrs. and under) 9:30 to 10:30

INTRODUCING ALBERTA'S JUNIOR CITIZENS OF THE YEAR

Here are the boys and girls whose enterprise and leadership won them 1964 Junior Citizen of the Year awards. We're proud of these young people, proud of their contributions to home and community. This year's winners were selected by a panel of weekly newspaper editors from scores of worthy young Albertans who contributed so much to our Alberta. We gratefully acknow-

ledge the help and active participation of Alberta's weekly newspaper editors, who have also been active in making this program a success. In addition, we thank the responsible men and women of our province who sent in Alberta Junior Citizens of the Year nominations.

From left to right (front row)

GARY RY

Jasper Place, Alberta
Gary, a courageous 12-year old, has assumed complete care of his invalid mother and total responsibility for his home. Nominated by Mrs. R. H. Jarron of Jasper Place.

DAVID ELKOFF

Sherwood Park, Alberta
This heroic 10-year old youngster went into the icy water of a deep lagoon, where he saved two of his young friends from drowning. Nominated by Mrs. John Ball of Sherwood Park.

HUGH C. McLEOD

Jasper Place, Alberta
11-year old Hugh was totally blind until surgery restored a minimum of sight. Despite this tremendous handicap, his perseverance has placed him among the top students in his class. Nominated by Art Keller of Jasper Place.

JUNIOR RED CROSS GROUP

Calgary, Alberta
Les Prince, Douglas Jackson and Bill Ladd received the award on behalf of this 33-member group (Grades 5 and 6), who dedicated their leisure to vital Red Cross work. Nominated by Mrs. C. Beaton of Calgary.

From left to right (back row)

PHILIP MONCHEIFF

Calgary, Alberta
Philip has shown a sense of responsibility and generosity outstanding in a 15-year old boy, devoting himself to the care and welfare of his young cousin and maintaining high scholastic standards. Nominated by Mrs. G. J. McPherson of Calgary.

ALBERTINE CLEARHOUT

Bashaw, Alberta
This 16-year old girl unhesitatingly shouldered the responsibility of caring for her sick mother. She now aids her father in running the family home and maintains high scholastic standards. Nominated by Mrs. R. Rodke of Bashaw.

LYNDA DANN

Vulcan, Alberta
15-year old Lynda imperiled her own life and saved a friend from drowning in a deep creek. She also recovered the body of her friend's uncle. Nominated by M. Dale Phillips, Superintendent, Vulcan Lions Swimming Pool.

Wintering Lows

Lows need special care in the fall, says P. D. McCulloch, Horticultural Supervisor of the Alberta Department of Agriculture. For example, dead leaves and branches should be removed because, contrary to popular belief, they do not insulate winter protection and they smother the grass.

Second Recommendations
Here are the top calling recommendations given at a recent stockmen's meeting in the town of 1. Cull cows with defects first, such as hump, jaw cancer, eye, head, and similar faults.
2. Unless a cow is exceptionally good, 10 years is probably as long as she should be kept in the herd.
3. If under normal conditions, a cow wears a light calf, she is likely to continue to produce light calves. It may pay to remove her from the herd.

4. A nervous cow, a fence crawler or a maverick cow will lower calving. If you don't like her, get rid of her.
5. Dry cows may not breed every year. If such cows are in good condition in the spring, sell them. They are not likely to be regular breeders.

Remember About Turkeys
Many turkey producers make the error of trying to obtain the heaviest possible weight in order to maximize returns. Gravidity the gross return will be higher but usually not net returns are reduced through this practice.

Eliminating Returns
The amount of feed required to produce a pound of turkey meat increases rapidly when the turkey approaches their mature weight and begins to slow down in growth.

When to Market
Surveys have shown that for maximum profits the hens of most strains of the large varieties should be marketed at 34 to 34.5 pounds average weight which can be achieved in 28 weeks. Most hens will make a 4.5 at this weight and more finish is not required. Toms should be marketed at an average weight of 28 to 30 pounds in 28 to 31 weeks.

Year Hatching Eggs
Two additional items on the Cariboo Trail, built a century ago at the time of the Cariboo gold rush, are named Whiskey Creek and Soda Creek.

Check the Weather

Karen Krebs Weds Peter Panak In St. Basil's Church, Edmonton

St. Basil's Church, Edmonton, was the scene of a pretty wedding ceremony on the 19th inst., when Karen Krebs, 21, daughter of Mr. and Mrs. Karl Krebs of Bowden, Alberta, was married to Peter Panak, 23, son of Mr. and Mrs. Peter Panak of Edmonton. The bride is the daughter of Mr. and Mrs. A. Krebs, and the groom is the son of Mr. and Mrs. A. Panak.

The bride's mother chose a dress of white tulle with matching three-quarter length coat and white gloves. Her carriage of double open red roses. The groom's mother wore a two piece gown, accented with a corsage of red roses. The bride's hair was styled in a classic updo, and she wore a pearl necklace, gift of the groom. The bride's shoes were white, and she wore a white veil.

The wedding ceremony was held in the church, and was officiated by the Rev. Mr. W. H. Degen. The bride and groom were accompanied by their parents and a large number of friends. The reception was held in the church hall, and was attended by a large number of guests.

After a wedding dance, the bride and groom were accompanied by their parents and a large number of friends. The reception was held in the church hall, and was attended by a large number of guests.

How About Horses

Despite the decline in numbers and importance of Canada's horse population the federal government will now premiere on stations to ensure a supply of draft horses.

Reimburse for Horses
In the fiscal year 1963-64 more than 50,000 in premiums was paid on 188 stallions in all seven provinces except Newfoundland Quebec with 48 had the largest number and Ontario had 181. According to Dr. P. J. Leach who is in charge of registrations for CDA's Livestock Division, there has been a slight reversal of demand for draft horse breeders and "some of the 10-year-old program is getting smaller each year."

Some Programs Closed
Two other horse programs have recently been closed. The 18-year-old pure-bred stall policy was inaugurated to encourage the breeding of good quality pure-bred and stallions. During 1963-64 there were 47 payments amounting to a total of \$479 paid by the federal government. Only Saskatchewan province has participated in the program of recent years.

Source of Stallions
Horse breeding stations were instituted by CDA in 1923 to provide at a nominal fee the services of good thoroughbred stallions to the lighter draft farm mares for the production of hunter and saddle types and recombinant stallions and geldings. Payments of \$2,000 were made in grants to help stall the policy is considered to have outlived its usefulness and will be discontinued after the current year.

Police Banish
Few allow use horses in police work and the Royal Canadian Mounted Police has its own horse breeding ranch.

The Canadian Horse
Dr. Leslie considers it regrettable that the breed horses in the Canadian horse was not presented as an all-purpose animal for the whole country. Its popularity appears to be restricted largely to Quebec.

Registration
The total new registrations of Canadian, Clydesdale, Friesian and Belgian breeds is about 100 per year which represents about 6 per cent of registered purebreds of these breeds in the country.

Born Population
The horse population has declined steadily in the last 30 years—from 100,000 in 1934 to 60,000 in 1963. In 1934, about 100,000 horses were in Canada. By 1963, the number had dropped to about 60,000. The decline was due to a number of factors, including the loss of draft horses to the United States and the loss of horses to the slaughterhouse.

Dr. Bohannon Gives Interesting Talk

Word has been received from Montreal of the safe arrival of David Bradley, son of Mr. and Mrs. Donald Bradley (nee David Bradley). The baby was born Sept. 23th in the Royal Victoria Hospital, Congratulatory.

Christian Education Sunday was observed at the Moravian Church last Sunday. During the Sunday school period attendance figures were recorded by the church and the Rev. Mr. K. O. Christie had the two sisters, Mrs. Pullman and Mrs. Kallay, talking with her last week.

Mrs. J. Hoad had her sister-in-law, Mrs. Kallay of Edmonton, at her home during the weekend.

Rev. and Mrs. J. Ulmer spent the weekend in Grande Prairie where Rev. Ulmer was guest speaker at the Mission Festival in the Lutheran Church.

On Monday evening about 200 people heard an interesting talk given by J. W. Brinkley, book-keeper of the Lutheran Church in Grande Prairie. He has been a member of the church since 1934 and has been a member of the church since 1934.

Young Fellowship met on Sunday evening to hear a special presentation of "Christian Youth Everywhere." This dealt with six different situations anywhere and everywhere.

Dr. Bohannon is now 40 years old and enjoyed a full schedule during his stay in Alberta.

On Friday evening last Mr. and Mrs. R. Strawn, Mrs. R. Strawn and the J. R. Strawn family enjoyed a dinner with a half of good and beautiful humor and singing at St. Peter's Church in Edmonton. The program was presented by members of the congregation from the Sunday school department to the choir members and was part of their 40th anniversary celebration. The anniversary celebration was held at the church on Saturday night.

With the coming of October one can again remind of the Fall Festival, the first full week of October 5-10.

In the Brudenium area, fire has been held to a minimum but not so in all parts of the country. One of the first days to become just a little bit careless and there would be a disastrous story to tell for the home and place of business from fire hazards. If you are not sure of what a fire hazard is, ask your insurance company, they will be glad to advise you.

If you are not sure of what a fire hazard is, ask your insurance company, they will be glad to advise you.

On Monday evening about 200 people heard an interesting talk given by J. W. Brinkley, book-keeper of the Lutheran Church in Grande Prairie. He has been a member of the church since 1934 and has been a member of the church since 1934.

Young Fellowship met on Sunday evening to hear a special presentation of "Christian Youth Everywhere." This dealt with six different situations anywhere and everywhere.

Dr. Bohannon is now 40 years old and enjoyed a full schedule during his stay in Alberta.

On Friday evening last Mr. and Mrs. R. Strawn, Mrs. R. Strawn and the J. R. Strawn family enjoyed a dinner with a half of good and beautiful humor and singing at St. Peter's Church in Edmonton. The program was presented by members of the congregation from the Sunday school department to the choir members and was part of their 40th anniversary celebration. The anniversary celebration was held at the church on Saturday night.

With the coming of October one can again remind of the Fall Festival, the first full week of October 5-10.

In the Brudenium area, fire has been held to a minimum but not so in all parts of the country. One of the first days to become just a little bit careless and there would be a disastrous story to tell for the home and place of business from fire hazards. If you are not sure of what a fire hazard is, ask your insurance company, they will be glad to advise you.

Ask for application form at your nearest branch. Buy for cash or by instalments. Canada Savings Bonds never fluctuate in value, can be cashed any time for full face value, plus interest.

**ROYAL BANK**

Everyone has something to save for.

EASY TO BUY You can buy Canada Savings Bonds for cash or on instalments—at work on the Payroll Savings Plan—or at banks, authorized investment dealers, stockbrokers, trust or loan companies. They come in denominations of \$50, \$100, \$500, \$1,000 and \$5,000 up to a limit of \$10,000 per person.

SIMPLE TO CASH You can cash Canada Savings Bonds at any time at any bank at their full face value plus earned interest. When ready money is required all you have to do is complete the redemption form on the Bond and present it to your Bank. You will receive your money immediately. They are instant cash.

GOOD TO KEEP You get interest on 1984 Canada Savings Bonds on Nov. 1st each year—4% for each of the first two years, 5% for each of the next five years and 5½% for each of the remaining three years—giving an average return when held to maturity in ten years of 5.00% a year. They're worth keeping.

After purchasing your favorite type of cheese, store the product with care to ensure top quality and flavor right to the last morsel. Packaged or loaf processed cheeses should be re-wrapped in the original wrapping or in a double thickness of waxed paper, aluminum foil or plastic, and thus refrigerated. Just

Some sure-to-please combinations:

- 1 Blue cheese spread on thin apple slices that have been dipped into lemon juice. Pass salted nuts or hot crackers.

a matter of interest

Some people let their savings lie idle or put them out
at low interest rates when they could obtain a much
better yield. We recommend Canada Savings Bonds as
an ideal savings investment.

• The 1964 Series bears an average interest rate of 7%
for 10 years.

• Callable at any time at 100%, plus earned interest.

Imagine yourself, as a twelve-year old boy, having
complete charge of a household — shopping, cooking,
cleaning, washing, ironing and maintaining a large
kitchen garden. Gary not only does all this, but also
cares for his mother, who is confined to a wheelchair.
He takes her for walks after school — helps her with
copper tooling and ceramic tile work. He can stuff
and cook a turkey. He waxes and polishes the floors,
and still maintains above-average grades at school.
We congratulate Gary, and thank Alberta's Weekly
Newspaper Editors for their active cooperation in the
Alberta Junior Citizen of the Year program sponsored
by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award

Fall Garden Chores

Now are a few timely hints from The Canada Department of Agriculture. According to horticulturist B. M. Anderson of the experimental farm at Sherbrooke, there are many autumn tasks—important to the health and productivity of the garden—that should be carried out in the fall.

Houseplants
For example, all raspberry canes that fruited this year should be removed and the new canes killed out. Just before frost—up the tops of the new canes should be wrapped with straw, either with or without plastic.

Groundcovers
Groundsiders need some attention. This involves mulching with a two-inch layer of straw, hay or clean straw from the soil before it rains.

Border Plants
Fall is also the best time to undertake the removal of perennial flower beds and to divide the larger clumps of flowers. It is also a good time to remove old or unwanted plants and dead tops, and to rearrange the planting layout.

Perennials
Because perennials grow in the same location for a number of years, they require additional amounts of plant food. A heavy mix of well-rotted manure will meet this need and at the same time provide winter protection. In any case, perennial beds should also be mulched with straw, hay or leaves to overcome sudden changes between frost and thawing temperatures, often the cause of winter kill. The mulch should be applied after the ground has frozen. A few of the perennials most valued grown in garden gardens—gladioli, dahlias and tuberous begonias—must be taken indoors for the winter.

Gladioli Treatment
Gladioli should be dug up before the onset of heavy frosts. Plant tops should be cut back to two inches and the corms stored in dry, warm air for two to four weeks. After curing, the new corms should be removed from the old ones and stored in a cool, dry place.

Watering Bushes
For indoor planting, choose large semi-deciduous trees from the nursery. P. D. McCalla, supervisor of Horticulture with the Alberta Department of Agriculture.

From mid-September to the end of October is the time for re-planting. The best time to plant is in the evening, after the sun has set. The plants should be planted in the morning, after the sun has set. The plants should be planted in the morning, after the sun has set.

Planting in Soil
McCalla recommends a soil mix of one-third peat, one-third sand and one-third loam. The soil should be moist and not too dry. The plants should be planted in the morning, after the sun has set.

Every day local branches of the chartered banks extend credit so that businesses can fill orders, take on contracts weeks or months before payments start coming in. Companies come to them also for market and credit reports, assistance in handling payments, payrolls, collections, foreign exchange, letters of credit—whatever banking help they may need to keep men at work, goods flowing to market in Canada or abroad. Only the chartered banks are equipped to give this all-round financial service, so essential to doing business today.

Through 5,650 branches, all across Canada, the chartered banks bring full-range banking within the reach of everyone.

"Why should you build my home this winter?"

Here's one good reason!
\$5,000 CASH

You Get a \$500 Cash Incentive
To help keep Canada's building trades busy and productive during the winter season, the Federal Government is again offering to pay a \$500 cash incentive to those who build or buy a winter-built home for their own occupancy.

What is a Winter-Built Home?
A winter built home under this program is one that has not proceeded beyond the first floor just stage by November 15th and is substantially completed by March 31st, 1967.

How Do You Proceed?
It's easy. Pick up an Application for Certification form at your National Employment office or Central Mortgage and Housing Corporation office. Fill it out and mail to your nearest CMHC office. If you wish, your builder can do this for you. Complete information on the program is included on the application form.

Act Now
See your builder and arrange to have your home winter-built. Help yourself to that \$500 cash incentive and help Canadian industry stay busy throughout the winter. Last Winter more than 25,000 homes were built under this program.

DO IT NOW!
Save Your House

Annual Meeting

The annual meeting of the Ladies Seed Cleaners' Plant will be held in the annual room of the Saskatchewan County Building, 1000-51 Avenue on Tuesday, November 3, at 9:30 a.m. All shareholders are asked to keep this in mind and are invited to attend and take part in the discussion of their seed cleaning plant business.

Weather Clinic
Once again the facilities of the Saskatchewan County Shop have been made available in which to conduct a weather clinic. This is arranged and conducted by the Alberta department of agriculture and the vocational training branch of the department of education, with Calgary Power supplying the necessary power.

Time and Place
This will take place in the last week of March starting on Monday the 26th (10:00 a.m.) and will run for a whole week 9 a.m. to 5 p.m. There is a registration fee of \$5. The department will provide instruction in both electric and acetylene welding and repair of all machines and material.

Enrollment
If you wish to take advantage of this course, please contact the district agricultural office, 1000-51 Avenue, Edmonton, where a list of applicants is being prepared. The class can

not be held, but is making much more reliable fertilizer recommendations. For spring seeded crops it is recommended that soil samples be taken in the fall.

Soil Sample Kits
The necessary soil sample kits and forms for giving information about your fields along with envelopes pre-addressed to the University are available from your district agricultural office. You will discuss any problems you have in connection with taking proper soil samples.

Interpreting Results
To be of most value the results of soil tests must be interpreted in conjunction with the results of soil fertilizer trials. Farmers should discuss the results of their soil tests with their district agricultural officer. There people are able to assist farmers in making the most efficient use of their fertilizer dollars.

Soil Testing
Soil testing has been used for many years by soil scientists as an aid in determining the fertility of the soil. Recent investigations have indicated that when used in conjunction with other available information on soils, crops, climate, field fertility trials, etc., soil testing information is a valuable tool in determining the best kind and amount of fertilizer any given crop needs.

Cost Samples Important
The first step in any soil testing program is the proper collection of samples. Soil tests can be no better than the samples on which they are made. Furthermore, soil test results are of little value without some knowledge of soil type, regional climate, and the soil and root characteristics. Therefore, when soil samples are submitted to a soil testing laboratory they should be accompanied by a completed soil sample information sheet. This information sheet only helps in making a more accurate interpretation of the re-

"Why should I build my home this winter?"

Here's one good reason!
\$5000 CASH

You Get a \$500 Cash Incentive

To help keep Canada's building trades busy and productive during the winter season, the Federal Government is again offering to pay a \$500 cash incentive to those who build or buy a winter-built home for their own occupancy.

What is a Winter-Built Home?

A winter-built home under this program is one that has not proceeded beyond the first floor joist stage by November 15th and is substantially completed by March 31st, 1985.

How Do You Proceed?

It's easy. Fill up an Application for Contribution form of your Regional Employment office or District Labour Market Development office, fill out and send to your nearest CMHC office. If you wish, your builder can do this for you. The application is on the progress of the project.

Art Show

The good builder and owner to keep your home safe and sound. Last winter alone over 20,000 homes were built under this program.

Philip Moncrieff
of Cayley

AN ALBERTA JUNIOR CITIZEN OF THE YEAR

Philip won his award for his many years of quiet courage. His young brother Larry is a cripple, needing constant care and attention. For over ten years, Philip, now fifteen years old, has put Larry's interests ahead of his own. He is Larry's constant companion and helper, showing commendable patience and understanding. For example, each day he helps Larry to dress, walks with him to and from school, and takes the time to be sure that Larry is warmly dressed for the walk home, that his coat is buttoned, his overalls done up.

Philip's own interests, his own friends, his own fun take second place - he puts Larry first. We congratulate Philip, and thank Alberta's Weekly Newspaper Editors for their active co-operation in the Alberta Junior Citizen of the Year program sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to R. Hawk, Editor of the Western News, and to Philip's nominator, Mrs. G. J. McCreath of Cayley.

TRICK OR TREAT

It's time for the annual rounds with ghosts, goblins, black cats and Jack-o-lanterns. The children have passed through a few months of Halloween and the small fry is a real idea for a celebrating of fun and games. The "older" small fry may find that this is as much fun as anyone else.

A few decorations can set the mood for the evening. Wreaths, lanterns and hats from black paper and hung from the ceiling give a weird effect. Bubbled lighting and some colored bulbs add to the eerie atmosphere. A Jack-o-lantern grinning from the window can welcome the trick or treaters.

—but a credit plan can be set up by one way I believe it is an excellent example of the way government can serve as an instrument for co-operation among the people of this country.

Out of the general revenues collected by the taxpayers if the cost is \$1.00 a year, this would establish a \$50,000 loan fund. This money would be lent to farmers at a reasonable rate of interest. In other words, this is a self-liquidating plan, using the revenues of all people to help a segment of our national economy upon which we all people are dependent for a steady reliable flow of food, a reasonable price for the long run, what will help to pay back — with interest. In the people.

This legislation does not propose a new subsidy for our farmers. It offers them a new choice in credit.

The general revenues can be used for many other things. They can be used to make more money available by planning a good party can be organized up to just happen. Try one of these ideas.

Sevens or Treasures Hunt

Circle the groups into teams and send them outside on a treasure hunt with a time limit of course. The winner and the time of day are: "Treasures Hunt" treasure hunt each team a list of items to locate. Chaperones come usually rate.

Many relay games can fill the evening with fun.

Apple Eating Race

Striped out small apples from cores, possibly in a doorway. Two children race to eat an apple which is very tricky because no hands are allowed. Other two of apples are to be hung to keep things moving when the group is larger.

Handy Treasures

Everyone will have a pencil and a piece of paper. Name the paper from one of the items on the list with seven large paper scraps. Name them treasure papers. These are the items to be found.

Fort Bantams Win League Opener

Fort Saskatchewan's entry in the city Maple Leaf Athletic Club Bantam "A" League was off to a flying start Monday night by posting a 2-0 shut-out over the Knights of Columbus squad.

The Fort club sponsored by Peace River Club Co. in the first minor hockey club from the Fort to make the step up to "A" organized hockey.

Monday night's fixture at the Gardens saw the teams play in a scintillating five period tilt with both clubs failing to make use of several good opportunities.

However, the Fort, backed by the steady goalkeeping of Chris Beaman, came out strong midway through the second period and went ahead on a goal off the stick of new kid Jim Thimmon. Jim Thimmon drove the assist.

Citizen Award To Be Revived By Fort Chamber

At the last regular meeting of the Fort Saskatchewan Chamber of Commerce, a resolution was passed to revive the Citizen of the Year award program. The award program will be given to the outstanding citizens of the community who have given of their time and talents to the betterment of our town. A committee was appointed and the award will be presented later this year.

In regard to the Centennial Celebrations of Canada the Chamber would like citizens send in suggestions worthy of the occasion as they will be presented later this year.

The paper is your badge of Remembrance. Your donations should be generous as the proceeds help needy veterans in your district only.

Come to Fort Saskatchewan to take part in the Remembrance Day service at the Cenotaph at 10:30 a.m. District veterans are invited to take part in the parade.

TOASTMASTERS ELECT OFFICERS FOR NEW TERM

At the last regular meeting on October 26, the Toastmasters Club elected its officers for the coming year. Those elected are: Bill Medema, president; Herb Hancock, educational vice-president; Dennis Marchewy, administrative vice-president; Michael Brown, secretary; Miss Holland, treasurer; Bill Morrison, act-up.

The new officers will attend the area educational session in Edmonton, November 18. This session will include all clubs in Northern Alberta.

Area Governor Bill Thiel of Edmonton will attend the next meeting November 10 of the Fort Saskatchewan Club to conduct the installation of officers.

POPPY TAG DAY THIS SATURDAY

Saturday, November 13, is Poppy Day.

Tagging will take place in Fort Saskatchewan, Josephburg and Brudenheim. For the convenience of citizens, a poppy and poppy tag sale will be available in many business places in town. These places are: Josephburg Supply, Henry's Hardware and Elmer's. Citizens will display poppies for the citizens of the community.

The Ardmore area will be covered by Henry's Grocery and Ardmore Store. Brudenheim business will also have poppies on display.

"The poppy is your badge of Remembrance. Your donations should be generous as the proceeds help needy veterans in your district only."

LIONS CLUB RAISES \$575

Members of the Lions Club of Fort Saskatchewan raised \$575 for the CNIB by the Fort Lions Club on October 26 resulted in \$575 being raised for the CNIB. The Lions Club of Fort Saskatchewan, Lions Club took part in the carnival, together with other citizens who volunteered. Mr. O. H. (Red) Mendenhall was chairman of the fund-raising project.

Anyone who was missed out in the carnival and who wishes to contribute to the CNIB may send their donations to the CNIB in Edmonton. Mr. McEwen, on behalf of the Lions Club, would like to express thanks to the citizens for their generous contributions to this very worthy cause.

Use of Schools Outlined By Board

The local Board of School Trustees has announced that any transmission, society, club association, etc. which intends to use accommodation facilities of any one of the schools of Fort Saskatchewan for activities of their own, must apply in writing to the Local Board of School Trustees not less than two weeks prior to the intended school use, c/o Mr. W. Thiel, Hon. Sec. Fort Saskatchewan.

Applications shall contain the following: Name of the applying organization; name of the school in which accommodation is applied for; a brief description of the type of activity; time or times during which school facilities are required; use of school equipment; if included in the application, a description of the type of equipment must be attached.

The applying party shall not consider the principal of the school as this is the duty of the board. Board approval is forwarded to the applicant in writing, and with such approval school facilities can be used. Any such approval is only valid for one season, starting in September of each year and ending 12 months of the following year.

School facilities cannot be used for purposes of political rallies or commercial enterprises.

Remembrance Day Observance in Fort

Annual remembrance of those who made the supreme sacrifice in the great war will be observed here on Wednesday, November 11.

All groups are invited to participate in the parade to the Cenotaph. The parade will march at the Legion at 10:30 a.m. The Fort Saskatchewan Band will be in attendance.

Those laying wreaths are asked to assemble together inside the Cenotaph gates.

Miss Jeannette Drimmer

Miss Jeannette Drimmer, daughter of Mr. and Mrs. Earl Drimmer of Brudenheim, graduated from the Royal Alexandra School of Nursing in the class of 1980.

Jeannette attended school at Brudenheim and completed high school in Lacombe. Congratulations are extended to her for her friends.

Anyone who was missed out in the carnival and who wishes to contribute to the CNIB may send their donations to the CNIB in Edmonton. Mr. McEwen, on behalf of the Lions Club, would like to express thanks to the citizens for their generous contributions to this very worthy cause.

APPENDICITIS IS STILL A KILLER

Don't let it on your dinner, a neglected acute appendicitis is as deadly as it was 60 years ago. The average hospital admits 10 appendicitis cases a month.

It is difficult for even a physician to detect. Symptoms are similar to those of indigestion, cough and diarrhea may occur. Pain may become unbearable. If you ever have such symptoms which do not soon go away, never take a laxative which can cause the appendix to burst. Surgery is the only way to cure. Instead, call your physician. We will rush any needed medicine.

The new stamp is intended to replace the 1981 13-cent stamp, which is obsolete by a recent increase in air mail rates to the United States. In addition to facilitating payment of air mail letters, the stamp will be used for parcel post and for first class letters. The stamp is available in two colors for delivery within 10 days.

Postmaster general said that the design of the stamp is a re-working of the seven cent numeral stamp which was the first of the series. The only change is in the numeral seven which has been replaced by a stylized eagle. The stamp's design is a modern interpretation

of an overprinted stamp which was defaced and an eagle emblem was added. The design of this stamp will be re-evaluated and the new eagle emblem will take its place.

Four Boys Invested Into Boy Scouts

At a recent ceremony held here, four Tenderloins were invested in the 1st Fort Saskatchewan Scout Troop. Those invested were:

Mr. Fred Miller gave a brief history of the Leaping Wolf badge to the crowd, explaining that the badge is a close link between the Troop and the Pack and is a constant reminder to the Cubs that they are in training to become Scouts.

Mr. Bob McIntosh presented the Leaping Wolf badge to the newly-initiated Scouts and stated that they will act as special "chums" to the older Cubs, who will be "going-up" later. Mr. C. B. will be happy to answer the knowledge that they have such friends in the Troop.

Parents of the above mentioned boys were present for the initiation.

Mr. Henry Thompson had the men

Albertine Clearhout
of Bashaw
AN REPUTATION FOR CITIZEN OF THE YEAR

At bashaw years of age, Albertine has proved herself a worthy Junior Citizen by her unselfish care and devotion to her family. Her mother, after a long illness, passed away last December.
For over two years Albertine has cheerfully helped her father with housekeeping, meals, looking after two young brothers every day - always with competence and good humor.
This has not prevented Albertine from passing her Grade 9 examinations with an A standing. Her ambition is to become a social worker - and she'll make an excellent one!
We congratulate Albertine, and thank Alberta's Weekly Newspaper Editors for their active co-operation in the *Alberta Junior Citizen* of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to W. R. Newsom, Editor of the *Bashaw Star*, and to Albertine's nominator, Mrs. R. Radtke of Bashaw.

JOSEPHBURG DISTRICT NEWS

In the Josephburg Community Centre on November 3, a very enlightening and educational evening was enjoyed when Rev. R. A. Baines of the Church of Christ Lutheran Church for the Dead in Edmonton, spoke on the theme "The Church of the Living and the Dead".

Mr. and Mrs. John (Buck) Cressy of the Presbyterian for the Hearing Handicapped Children, a guest speaker who had with him a group of children from the hearing school, also took part. About 60 attended, and the evening was a success.

Mr. Baines is an honor member. Mr. and Mrs. Gary McIntyre and Robert of Calgary spent a recent weekend at the parental home of Mr. and Mrs. John (Buck) Cressy.

Coverings to the Phil. Philip Biegel who celebrated her birthday on Oct. 31 with a number of guests enjoyed an afternoon tea at her home.

Mr. and Mrs. Marcus Moez had as their visitors this past week the lady's aunt and cousin, Mrs. Lydia Miller and Mr. and Mrs. James Middlemore of Nokesia, Sask., and Mr. and Mrs. Art Clark of Saskatoon.

Mr. and Mrs. P. R. Becker and Mrs. Leonard Beyer attended the golden wedding anniversary of Mr. and Mrs. Wm. Thomson of Edmonton, on Sunday November 8. Open house was held at the home of their son and daughter-in-law, Mr. and Mrs. Robert Thomson.

A welcome is extended to all ladies who are interested in curling and attend a meeting on Tuesday, Nov. 17 at 10 p.m. in the Josephburg Curling Club. Ladies, come and enjoy several days of curling.

The Josephburg Ladies' Community Club meetings will be held at the home of Mrs. Stuart Becker on Nov. 17 at 8 p.m. Mrs. Albert Moez will show her petticoat and her children's work.

Badminton Club Elects Officers

The first Badminton Club held its first meeting of the winter season last Sunday evening at the Port High School.

The new committee elected is as follows: Jim Cross, president; Elizabeth Moore, secretary; Stewart Coulter, treasurer.

Playing hours for the club are from 7 to 10 p.m. every Monday evening. All those interested in curling are welcome to attend on Sunday.

200 Citizens Attend November 11th Services

Deep snow and slippery sidewalks hindered the participation of Port Badminton and district citizens in the Remembrance Day service. More than 200 people lined the material path to see and hear the parade on the 11th of this district who gave their lives during World War I and World War II.

The annual parade and service, which is sponsored by the local branch of the Royal Canadian Legion, was conducted by Major Smith and Father King in the absence of the Legion Padre Rev. D. Baines.

The two minute silence was observed by the playing of the marching Last Post and ended with the stirring hymn "The Soldier's Song".

The first wreath was laid by Warden Bill Wilson in behalf of the provincial government. It was followed by a Silver Cross mother, Mrs. J. Thorne, who was escorted by Legion members Ken Bisset and Walter Bess. The mayor of the Municipality of World War Veterans, representing all the towns and district citizens, laid a wreath on the cenotaph. The Legion president Walter Thomas and Legion Auxiliary president Mrs. Edith Bisset were co-honorees.

AROUND TOWN

The following children received the sacrament of baptism at St. Patrick's Church on Sunday, Nov. 19: Daniel, son of Mr. and Mrs. P. D. Oakes; James Albert, son of Mr. and Mrs. J. J. Oakes; and Lauren Marie, daughter of Mr. and Mrs. O. Weber.

Rev. D. P. Moore, who is the Rector of the Rectory of Vermilion, attended the monthly meeting held at Vermilion on Monday.

Conspicuous in a former resident, Mrs. M. Staples of Edmonton, who visited the Port last Saturday and was 91 years young on Monday, Nov. 8.

Mrs. E. Lane, formerly of Medicine Hat, has been visiting with her daughter and son-in-law, Mr. and Mrs. J. McCorran for the past week. Mrs. Lane left yesterday to make her home in Edmonton.

What Even Your Best Friend Won't Tell You!...

Actually, that is not quite true, or you would not have any friends left, let alone a best one. And in the penetrating of a true and lasting friendship we write this editorial.

Periodically, when the wind is in the east, a penetrating, all-pervasive, and thoroughly offensive odor sweeps in across town. What this means to those who live out in the country in the path of the prevailing wind we can only shudder and guess. Countless complaints are heard around town, and we hear stories of headaches and physical discomfort to the point of nausea.

Air pollution in this day and age is totally unnecessary, and the offending chemicals can be scrubbed out of the growing requirement on the part of those who live in town would more than compensate for the cost of this.

The Town Council is responsible ultimately for the well-being of the citizens of the Port. If plans are not announced shortly for the removal of this offensive odor, the Town Council should take strong action by raising this matter with the Minister of Health.

For Saskatchewan welcomes new industry to the district, but not when its side effects make local citizens wonder if they should move to Edmonton and commute to work. Action must be taken on this, and then our friendship will not evaporate in polluted air.

THE RECORD

Porty areas of snow was left and it is hoped it may be contained in the spring.

The farmers had a terrible time. The fields were an wet, machinery were forced through slush. It was only when the ground was frozen that they were able to get out. There is still much rain left in the fields. A chook was caught Saturday night and practically all the sheep around Grande Prairie is now.

Several Evangelical services will be observed at the Church of the Nazarenes starting Wednesday evening, Nov. 20, until Sunday, Nov. 24. Norman L. G. Smith of Calgary, the district superintendent, and group singer W. Cameron King of Edmonton will take part in the service.

On Wednesday, Thursday and Friday the services will be held at 8 p.m., while two special services will be held Sunday at 11 o'clock and 7:30 p.m. Everyone is invited to attend.

The annual trustees began last Sunday in the St. George's Anglican parish. Mr. M. Clegg is the chairman of the Stewardship Committee.

The staff of Port United Church Sunday School attended the school of Metropolitan and St. James United Churches on Sunday to observe the teaching methods of these churches.

A musical talent show was held, when the Lindsay, Albert Leroy and his

sons David and Philip, sang his song hunting had work.

Mr. and Mrs. Les Lundberg, Mr. Frank Houten and Audrey Marler arrived in Port Thursday from a tour of the West and Mexico. They were accompanied by Mrs. Ben Lundberg and Mr. Ben Lundberg. Mrs. M. D. Allen arrived home last week following a two-week visit in Medicine Hat, Saskatchewan.

The Girls' Auxiliary of St. George's Anglican Church held a service night on Monday evening, Nov. 18 in the Port Community Centre. The girls presented a fashion show with Jill Stewart as co-moderator.

A girls' collection was taken which the group will use to help defray expenses when they attend the GAA festival held in Edmonton annually.

OUR TOWN AFFAIRS

First of a Series:

From time to time it is planned to publish, through the permission of the editor, articles relating to town affairs. This is the first of such articles.

Projects to get underway this month include improvements in Sherridon Hospital, Hospital Site Recreation Area, a water line to the industrial area and water plant improvements.

It is estimated the total cost of fully developing the area is \$20,000 and total revenue when completed will be \$20,000.

Work to be done includes water mains to recreation area, distribution system in Sherridon Heights, six-inch supply line to hospital, six-inch loop line on 180 Street to plant on main line; a second supply line to lower in case of breakdown in river; new 200 g.p.m. high lift pump, 180 services to property, eight-inch service line to industrial area, sanitary out-fall line which is sized and deep enough to serve area 255 south and west.

Sherridon Heights collection system, services to property line, services to hospital site, storm drainage out-fall which is sized to handle 161 Street and 97 Avenue, storm inlets and collection in Sherridon Heights, water, cables, housewires, gas and water, and streets and lanes graded and gravelled.

Within the total expenditure for the area is \$20,000, as previously stated, the proposed immediate estimated expenditure will amount to \$180,000. This will include water mains in recreation area, distribution to land and back loop, hospital site, loop line to 180 Street, new 200 g.p.m. pump, 180 services to property line, eight-inch service line to hospital site, sanitary out-fall, Sherridon collector to river, 180 services to property line, water to serve 30 lots and main storm drainage out-fall.

At the present time all serviced lots in the Sherridon Heights area have been sold and it is anticipated that the work to be undertaken will

ELKS CLUB NEWS

The anniversary ball and banquet for the Fort Saskatchewan Elks Club will be held on Friday, Nov. 20, at 8:30 p.m. A guest speaker will be Mr. J. J. Oakes, and refreshments provided. Tickets for this affair are available at 20¢ each, and all members are urged to attend and bring a guest.

The Travelling Carnival will be taking to Edmonton, Nov. 23. A bus has been laid on for the trip and all members are asked to meet at the Port Hotel at 9 p.m.

At the town hall sold 20 lots for the town to build on. The balance has been purchased from private individuals.

Chatterbox: From time to time complaints are heard regarding book and magazine cartons going around the town soliciting subscriptions.

The town has by-laws set up regarding contractors and they are required to purchase a license before contracting, but it is possible that some do not bother to get a license.

You can help in curbing this practice by asking contractors to produce their license if they haven't got one. One phone the police and they will check on them.

Fort Lions Post Play-Off Victory

The Fort Lions Post, which has been a member of the Fort Lions Curling Club since its formation in 1954, has won the Fort Lions Curling Club championship for the 1964-65 season. The team, consisting of Jim Macdonald, skip, and his partners, defeated the Fort Lions Curling Club team in a final game held at the Fort Lions Curling Club on March 1st.

The Fort Lions Curling Club has a long and distinguished history, having been founded in 1914. It has since grown to become one of the largest and most active curling clubs in the Fort Saskatchewan area. The club's success in the 1964-65 season is a testament to the skill and dedication of its members.

Amneshon Melanow, Prov. Sec. Reports Seven Municipal Centennial Projects Approved, Fifteen Under Consideration

With seven municipal centennial projects already approved, provincial secretary Amneshon Melanow reports that seven more are under consideration. The projects, which are being funded by the provincial government, include the construction of a new municipal building in Regina, the renovation of the historic Fort York in Toronto, and the development of a new park in Vancouver. Melanow, who is responsible for the provincial government's centennial program, said that the projects are being approved on a case-by-case basis, depending on their historical significance and the quality of the proposals.

One of the centennial projects of the government of Alberta is the construction of a new municipal building in Regina. The building, which is being designed by a local architect, is expected to be completed in 1966. It will be a modern structure, reflecting the city's growth and development over the years. The project is one of several that are being funded by the provincial government as part of its centennial program.

Another centennial project is the renovation of the historic Fort York in Toronto. The fort, which was built in 1793, is one of the oldest and most significant historical sites in Canada. The provincial government is funding a major renovation project to restore the fort to its original glory. The project is expected to be completed in 1966, and will provide a valuable historical resource for the people of Toronto.

The provincial government is also funding a number of other centennial projects, including the development of a new park in Vancouver and the construction of a new municipal building in Regina. These projects are part of a larger program to celebrate the centennial of Canadian Confederation. The government hopes that these projects will provide a lasting legacy for the people of Canada.

Regular municipal meetings are being held in Regina, and the city council is expected to approve the new municipal building project in the near future. The city council is also considering other centennial projects, and is expected to make a decision on them in the coming months. The provincial government is providing financial support for these projects, and is committed to ensuring that they are completed on time and within budget.

FUA President, Paul Babey Says Social Welfare Not Answer

A forum of 400 at 400 on the evening session of the 1965 Saskatchewan Federation of University Students (FUS) President, Paul Babey, said that social welfare is not the answer to the problems of the young people in the province.

Babey, who was elected president of the FUS at a convention in Regina last month, said that the young people in the province are not the problem. He said that the problem is the system that we have in place.

AN OPEN LETTER

Suppose you were confined or hurt or hospitalized due to an injury or accident. Who would pay your hospital and/or doctor bills? Would your weekly income continue? ? ? ?

THE ANSWER IS YES!

If you are like most of us, your income just about covers your living expenses, with possibly a few dollars over for savings.

UNFORTUNATELY, ACCIDENTS DO HAPPEN

EVERY MINUTE 21 persons find themselves in unexpected accidents. Suppose you were one of them. Suppose you were to have an accident today. How would the expense for doctors, hospital, loss of wages affect you — and your family — your income and your savings?

And, we ask you about it? There is no obligation, of course, and it is all absolutely free. Examples of accidents: fire,

Out of the ordinary.

VW 1500's independently suspended. So a pothole for
 instance, josts only the wheel that goes over it. Not the whole
 car. And everybody in it.
 We even put an anti-vibration bar up front. With the result
 that 1500 trucks round a bend just about like a Porsche.
 Why not visit a VW dealer and discover all the out of
 the ordinary things about the Volkswagen 1500?
 He may not take a car apart for you, but he'll
 let you drive one.

Drill-bit Seed Treatment
The seed treatment process is a critical step in ensuring the health and vitality of your crops. It involves the application of a specialized seed treatment product to the seed, which helps to protect it from diseases and pests. This process is essential for maximizing the yield and quality of your harvest.

Don't forget the benefits of seed treatment. It can help to reduce the risk of crop loss due to diseases and pests, and it can also help to improve the overall health and vitality of your crops. This is a crucial step in ensuring the success of your farming operation.

Construction Started On New 66-Bed Nursing Home Here

Work has started on the new 66-bed nursing home here.

On Monday morning the mayor, Mr. J. B. Knowles, and M. Ralph Unstead gave the ground of the site.

The structure will have sixty beds, and will cost approximately \$350,000. It is expected that about four people will be employed by the home.

Original plans called for a 50-bed home, but these have since been changed to accommodate the new plans.

It is expected that the building will be completed about the same time as the hospital, if not sooner.

Provincial Government Sets Up Study On Administrative & Tribunal Boards

A special committee on Administrative Boards and Tribunals has been established by the Alberta government to study and report on the effectiveness of existing boards and tribunals, and to recommend changes to improve their functioning.

The committee, headed by Mr. J. H. McCall, is made up of representatives from the various boards and tribunals, and from the government departments concerned.

The committee's mandate is to study the effectiveness of existing boards and tribunals, and to recommend changes to improve their functioning. It is to report on its findings to the government by the end of the year.

The committee's work will be carried out in three main areas:

- 1. To study the effectiveness of existing boards and tribunals.
- 2. To recommend changes to improve their functioning.
- 3. To recommend changes to the structure and composition of existing boards and tribunals.

 Mrs. A. R. West,
 Sunday, September 15, the Church of Adrossian inspired the service given by the new church. The service will be held at 8:00 a.m. and 10:00 a.m. on Sunday, September 15. The service will be held at 8:00 a.m. and 10:00 a.m. on Sunday, September 15. The service will be held at 8:00 a.m. and 10:00 a.m. on Sunday, September 15.

Friday September 16 the Ardmore Sunday School held their picnic in the grounds around the church and a sing-song in the church basement with music and singing by boys and Miss Barry, with parents and children joining in. Many thanks to the teachers who made this a very pleasant evening, and I am sure the children enjoyed them-

The beautiful anniversary was celebrated with large bouquets of flowers and music from the city orchestra. The guests were seated in the ballroom of the hotel. The bride and groom were seated at the head of the table. The bride wore a white gown and the groom wore a tuxedo. The ceremony was performed by the Rev. Mr. Jones. The wedding was a very successful one and all the guests enjoyed it very much.

The bride was daughter of prominent businessman, a number of relatives from Ireland and relatives Mr. W. proposed the total to the bride which the groom repaid and etc.

The bride, given in marriage to her father, was radiant in a gown of white gown. It featured a high neckline with soft lace and a full skirt. The bride's hair was styled in a classic updo, and she wore a long veil. The groom, standing beside her, was dressed in a formal suit. The ceremony took place in a simple, elegant hall with a high ceiling. The bride and groom exchanged vows and rings, and the ceremony concluded with a kiss. The bride's father, standing to the left, watched the ceremony with a proud expression. The bride's mother, standing to the right, also watched the ceremony with a proud expression. Increased interest has resulted a parallel increase in the job interests and capabilities of the young men. The program has been most advantageous to environmental scientists according to C. E. Curran, Toronto. Mr. Curran is general chairman of the Canada Council's Environmental Safety Council and president of the Canadian elected League provided an annual seminar in Thessalon.

Mr. Curran noted, "In the past, the chemical, nuclear and industry sectors have been the most difficult to reach."

The first program, Tuesday October 19, is entitled *Exhibition Theatre* and includes scenes from

Shakespeare's *A Midsummer Night's Dream*. In the first half of the 30-minute episode, Percy Thomas, former artistic director of the English language section of the National Theatre, shows how Shakespeare's plays were performed at the original Globe Theatre.

The Second Telecast on Thursday, October 31 will be a production of Shakespeare's *Macbeth*. Here again, the cast members of the National Theatre are featured and the youth and vitality of the players contribute to a re-vitalizing synthesis of interpretation.

Mr. Carson pointing to the growth of high level dramatists in Canada, called attention to the fact that the latter are one of the most important groups in the world. "It must be to the honor of our country," he said, "that the normal actors to whom the dramatists are turned in a play, are in fact, through such powerful guidance, are told the meaning, and would their safety and success would become a habit."

Mr. Carson mentioned the *Amalgamated Actors' Association* as present in the U.S.A.

Greater London alone has 7,000 pubs, most of them with age redundant with the

and well played, Australian drama. The *Summer of the 17th Day* (by Ray Lawler) is an admiring and moving account of two Australian canoeists and a couple of hermits who have been out of all contact with the rest of the world for many years, but who find that time does not stand still, and love is the man or woman who depends on the performance of any city states or the importance of physical pleasures.

The play stars Eric Hensley, William Blyden, Julian Purpura and Jenny Gordon with sets by Michael Savelov. That's Festival

of courtesies of other people and stirred by the testimony of a war-torn woman down through the years. Millions of Britons have felt themselves mentally physically almost every day these miserable and ancient situations.

Canada's Youth Conscious For

How far reaching is the influence of Canadians concerning the world's youth? Does it extend to help give the common sense of the world's children?

That is the function of UNICEF missions in Canada depends upon the responses of thinking citizens.

The first UNICEF effort gave aid much for war-torn areas in Europe. But what purpose is served if the young body is to survive? The mind must survive. The ability to create a better world existant.

International UNICEF now devotes both planning and budget to these ends—mother and child health care, basic school education, hospital, orphanages, mother and child health centres, and child welfare.

A Continental Message From The Premier of Alberta

Prime Minister C. D. Howe has called upon the people of Alberta for total involvement in the efforts to achieve the Confederation of Canada in 1982.

"The 1982 Agreement will join the new provinces of Canada, and the people of Alberta will stand with them in the new Canada. It is not just a matter of the future of the province, but of the future of the country. It is a matter of the future of the people of Alberta, and the people of Canada."

"Many letters and a wide range of activities are being planned to emphasize the importance of the role of the people of Alberta in the Confederation of Canada. It is not just a matter of the future of the province, but of the future of the country. It is a matter of the future of the people of Alberta, and the people of Canada."

Prime Minister C. D. Howe

A Poppy For Remembrance Day

On November 11, Canadians will gather in their communities to mark the 50th anniversary of the end of the First World War. It is a day of remembrance for the brave men and women who gave their lives for their country.

Each year, Canadians are asked to wear a poppy on their lapel as a symbol of remembrance. The poppy is a symbol of the blood that was shed for our freedom. It is a symbol of the sacrifice that was made for our country.

CANADIAN LEGION OBSERVES 40th ANNIVERSARY NOV. 25th

OTTAWA, Ont. — The Royal Canadian Legion celebrates its 40th anniversary on Nov. 25th. The organization, which was founded in 1915, has grown to become one of the largest and most influential organizations in Canada.

The Legion was founded in 1915 by a group of World War I veterans who wanted to provide a place where they could meet and share their experiences. Over the years, the Legion has expanded its services to include social, recreational, and community programs for all Canadians.

The Legion's 40th anniversary is being celebrated in many ways across the country. In Ottawa, a special dinner will be held at the Central Legion on Nov. 25th. The dinner will feature a variety of dishes and a program of entertainment.

The Legion's 40th anniversary is a time to reflect on the organization's history and to look forward to the future. The Legion is committed to providing a wide range of services to its members and to the community.

To Determine Ski Potential

The study findings will help plan long-range development of the area.

LAST SUMMER a Thariff was established on the hotel's upper slopes to serve an expected 4,000 people. Some 17,000 skiers made use of it.

CANADIAN NATIONAL will be offering a winter purchase plan to skiers from prime points this winter. It will offer five days of skiing at the house.

Included in the plan is return coach transportation, hotel accommodations, breakfast and dinner for four days, bus transportation to and from the house, ski lift charges and ski instructions.

RED CROSS PUBLISHES NEW PAMPHLET FOR PUBLIC USE

A new dental pamphlet, currently being distributed through the Alberta Junior Red Cross, is becoming increasingly evident in reception rooms of dental clinics.

The booklet was produced by the Canadian Red Cross and has the complete approval of the

dentists offered and health units throughout the province.

The booklet entitled *The Family of Health*, contains 11 pages of illustrations and captions dealing with all aspects of dental hygiene.

Although produced primarily to educate children in good dental health habits, every dentist can order a suitable other annual.

Canadian Dental Association.

Alberta director of Junior Red Cross, Mrs. J. A. Mansford, who dentists have responded to the new publication by ordering more than 1,000 copies over the past week.

The book plans to "encourage to have the booklet distributed in the schools."

FOR THE SICK**

Each month some new drug or medical technique is announced to improve our present treatment of disease.

Right now old age is becoming further every each year. We have medicine which can cure even renal diabetes, but can make an "incurable" disease easier to live with. Consult your physician. Dr. A. H. W. can advise you.

On June 18, 1961, I wrote a letter to the Editor of the "Edmonton Journal" regarding the building of a new bridge over the North Saskatchewan River. I mentioned that the bridge would be a major improvement to the city and that it would be a great asset to the community. I also mentioned that the bridge would be a great asset to the city and that it would be a great asset to the community. Damage to the greens by such totally irresponsible action is inevitable and costly. In the past, the city always has provided a recreation area for the children in the area. The same privilege could be extended to snowmobiles, sleds etc. if the drivers would use sufficient common sense to stay off the greens.

Since this area has not been forthcoming, we have no alternative other than to assume that powered vehicles will no longer be allowed on the course.

Unauthorized persons driving powered vehicles on the golf course will now be subject to prosecution.

FOR CONSTRUCTION WORKERS

Approximately thirty thousand workers in the construction industry are expected to be laid off in the next few months, according to a survey of construction companies by the U.S. Bureau of Labor Statistics. Under the provisions of the new unemployment insurance law, the employees have the right to sue the employer for loss of wages. The law also provides that the employer lose the right to sue the employee for breach of contract.

James J. Donovan, Inc., Atlanta, Ga., is a construction firm, has varied about the new law. It says that the law is too broad and unfair and that it has recently come out with a bill to amend the law. Mr. Donovan said that the law is too broad in the sense that it covers all construction workers, not just those who are laid off. He said that the law is also unfair in that it allows the employer to sue the employee for breach of contract, but not the other way around.

He also suggested that the law be amended to require the employer to pay the employee for the loss of wages, but not to allow the employer to sue the employee for breach of contract.

A Christmas Message

This season brings a greater appreciation of old friendships and new associations in the holiday spirit, I wish to take this opportunity, on behalf of the County Council and Staff, to wish the residents of the County of Strathcona a very Merry Christmas and a Happy New Year.

May the meaning of Christmas be deeper, its faith stronger, its hopes brighter as it comes to you this year, and may the New Year, 1986, be a happy and prosperous one.

M. R. Parker,
Mayor, County of Strathcona.

HAN'S BAKERY Presents...

GORDIE HOWE'S HOCKEY

To make a tight turn you should have your weight over a bent knee while leaning into the turn. Then throw your other leg over, driving for speed and power. You can quickly change direction by throwing your weight to the other side and driving with the inside leg. This is a must for offense and defense. Learn it well.

Vancouver Research Firm To Study Skiing Potential At Lake Louise

A Vancouver research firm, Ben Orr and Associates, is presently studying the skiing potential of the Whistler-Blackcomb area near Lake Louise, British Columbia.

"Being in a growing winter sports area, we are looking for new ski areas," said Ben Orr, president of Ben Orr and Associates.

The new market survey follows a study of the area's potential ski areas, made last year by the Canadian Ski Council. The study found that the Whistler-Blackcomb area has the potential to become a major ski area in the future.

The study also found that the area has a high potential for winter sports, including skiing, snowmobiling, and ice skating.

SEEDTIME AND HARVEST

The first question usually asked by the farmer is: "What is the best time to plant?" The answer is: "When the soil is warm enough to support the seed." The second question is: "What is the best time to harvest?" The answer is: "When the crop is ripe and ready to be harvested."

PROPER SLEEP IS ALWAYS IMPORTANT

With few exceptions, it is not true that the older you get, the less you need sleep. In fact, the average person needs about 7 1/2 hours of sleep each night. If you are getting less than this, you may be suffering from sleep deprivation. This can lead to a variety of health problems, including high blood pressure, heart disease, and depression. So, if you are having trouble sleeping, it's important to see a doctor. They can help you determine the cause of your problem and recommend a treatment plan. In the meantime, there are some things you can do to improve your sleep. Try to establish a regular sleep schedule, avoid caffeine and alcohol before bed, and create a relaxing bedtime routine. You may also want to try some sleep aids, but be sure to talk to your doctor first. Proper sleep is essential for good health, so don't ignore the signs of sleep deprivation.

Once in a while a mild illness rarely for itself can be helpful. But, if you're to sleep in a constantly recurring problem, you should consult your physician. We have many prescriptions available for many ailments to better solve your problem.

In the case of weed control and disease control in crops, the products are used as pesticides, herbicides and fungicides. It must be understood that these products may be toxic and must be handled with care. These products may be more poisonous to a specific crop than the crop itself. Therefore, the user should read the label carefully and follow the directions. These products are designed to do the job they are designed to do.
